Re: Expedited Freedom of Information Act Request

Dear FOIA Officer:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of your agency, American Oversight makes the following request for records.

In response to protests against Immigration and Customs Enforcement (ICE) enforcement actions, President Trump deployed the National Guard to Los Angeles, California.[1] American Oversight seeks records with the potential to shed light on the mobilization of the National Guard to address immigration-related protests.

Requested Records

American Oversight seeks expedited review of this request for the reasons identified below and requests that your agency produce the following records as soon as practicable, and at least within twenty business days:

1. All formal or informal final directives (including informal email communications), guidance, protocol, or policies created by, issued to, or otherwise provided to the Department of Justice ("DOJ")/regarding 10 U.S.C. § 12406.

   DOJ is best positioned to determine where responsive records are likely to reside. However, at a minimum, we request that you search the records of the following custodians:

Trump to Secretary of Defense, Attorney General, and Secretary of Homeland Security, *Department of Defense Security for the Protection of Department of Homeland Security Functions*, June 7, 2025, https://www.whitehouse.gov/presidential-actions/2025/06/department-of-defense-security-for-the-protection-of-department-of-homeland-security-functions/.

Department of Justice Officials:

i. Pam Bondi, Attorney General
ii. Todd Blanche, Deputy Attorney General
iii. Emil Bove, Principal Associate Deputy Attorney General
iv. James McHenry, Associate Deputy Attorney General
v. Chad Mizelle, Chief of Staff
vi. Yaakov Roth, Acting Assistant Attorney General
vii. Jolene Ann Lauria, Assistant Attorney General
viii. Drew Ensign, Deputy Assistant Attorney General
ix. Sean Day, Counselor to the Attorney General
x. Vetan Kapoor, Counselor to the Deputy Attorney General
xi. Anyone serving as Senior Advisor

2. Records reflecting any final legal advice or analysis (including both formal legal analyses, opinions, or memoranda, as well as informal electronic communications) regarding 10 U.S.C. § 12406.

For both parts of this request, please provide all responsive records created or circulated from January 20, 2025, through the date the search is conducted.

Fee Waiver Request

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency's regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is "in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government."[2] The public has a significant interest in the deployment of the National Guard to protests in California.[3] Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the federal government, including coordination of federal and state officials over the deployment of National Guard troops. American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public's understanding of the government's activities would be enhanced through American Oversight's analysis and publication of these records.

This request "is not primarily in the commercial interest of the requester."[4] In fact, as a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose, and the release of the information requested is not in American Oversight's commercial interest. American Oversight's mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and X (formerly Twitter).[5]

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through regular substantive analyses posted to its website.[6] Examples reflecting this commitment include the posting of records related to the first Trump Administration's contacts with Ukraine and analyses of those contacts;[7] posting records and editorial content about the federal government's response to the COVID-19 pandemic;[8] posting records received as part of American Oversight's "Audit the Wall" project to gather and analyze information related to the first Trump administration's proposed construction of a barrier along the U.S.-Mexico border, and analyses of what those records reveal;[9] the posting of records related to an ethics waiver received by a senior Department of Justice attorney and an analysis of what those records demonstrated regarding the Department's process for issuing such waivers;[10]

Application for Expedited Processing

Pursuant to 5 U.S.C. § 552(a)(6)(E)(1) and 28 C.F.R. § 16.5(e)(1)(ii), American Oversight requests that your agency expedite the processing of this request.

I certify to be true and correct to the best of my knowledge and belief that the information requested is urgently needed in order to inform the public concerning actual or alleged government activity. In recent weeks, Immigration and Customs Enforcement (ICE) has increased immigration enforcement actions in the Los Angeles area as part of President Trump's mass deportation agenda.[12] In response, actions were staged to protest ICE and President Trump's immigration policies.[13] On June 7, 2025, President Trump deployed 2,000 National Guard personnel in response to these protests, despite California Governor Newsom stating that troops were not needed and

their deployment represented a "serious breach of state sovereignty."[14] 700 Marines were set to be deployed to Los Angeles shortly after.[15]

Moreover, I certify to be true and correct to the best of my knowledge and belief that there is an urgent need to inform the public about the federal governments' deployment of National Guard troops against the wishes of California state and local officials. President Trump's deployment of National Guard and U.S. Marine Corps troops to address protests in Los Angeles is a serious escalation of the involvement of military personnel in domestic matters, posing a potential violation of the Posse Comitatus Act.[16] President Trump deployed troops without consulting with or the consent of California leaders, and against their expressed wishes, overturning broad precedent on the division of federal and state powers.[17] The public requires the requested information

I further certify that American Oversight is primarily engaged in disseminating information to the public. American Oversight's mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. Similar to other organizations that have been found to satisfy the criteria necessary to qualify for expedition,[18] American Oversight "'gathers information of potential interest to a segment of the public, uses its editorial skills to turn the raw material into a distinct work, and distributes that work to an audience.'"[19] American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, and other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and X (formerly Twitter).[20] As discussed previously, American Oversight has demonstrated its commitment to the public disclosure of documents and creation of editorial content.[21]

Accordingly, American Oversight's request satisfies the criteria for expedition.

Guidance Regarding the Search & Processing of Requested Records

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics. For instance, if the request seeks "communications," please search all locations likely to contain communications, including relevant hard-copy files, correspondence files, appropriate locations on hard drives and shared drives, emails, text messages or other direct messaging systems (such as iMessage, WhatsApp, Signal, or X (formerly Twitter) direct messages),voicemail messages, instant messaging systems such as Lync or ICQ, and shared messages systems such as Slack.

- In conducting your search, please understand the terms "record," "document," and "information" in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind.

- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.

- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.[22] It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.[23]

- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,[24] and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency's archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.

- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.

- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

Conclusion

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your agency can decrease the likelihood of costly and time-consuming litigation in the future.
