HB 209 (1) Schofield, Mike(R)

Relating to the separation of federal elections from state and local elections, and to related practices and procedures.

Companions: SB 106 Hall, Bob (Identical)
2- 3-25 S Introduced and referred to committee on Senate State Affairs

Remarks: SUMMARY: This bill segments federal elections from state elections to bypass the federal prohibition against checking citizenship of voters prior to registration.

BACKGROUND: It is unlawful for noncitizens to vote in Texas elections, but there is a federal law that prevents states from checking citizenship on the front end. Arizona is currently the only state that has a segmented election.

AGENCY IMPACT: This bill will require extensive work for our agency. We will have to essentially conduct 2 separate elections and manage 2 separate registration processes.

AGENCY FISCAL IMPACT: Significant. Will require additional staff and major technology adjustments.

ESTIMATED COST: TBD

LOCAL IMPACT: Here would describe impact to counties.

FOR/AGAINST: Here list groups (not members) that favor/oppose.

STAFF COMMENTS: Here provide information about what we are hearing about the bill's chances. What members support/oppose.

SB 707 King, Phil(R)

Relating to the authority of the legislature to determine that certain federal directives are unconstitutional and to prohibit certain government officers and employees from enforcing or assisting.

Remarks: Summary: The proposed legislation seeks to empower the Texas legislature to recognize and act against specific federal directives deemed to infringe upon state rights and powers, as delineated by the Tenth Amendment of the United States Constitution.

Agency Impact: No expected impact

Fiscal Impact: TBD

Staff Comments: The bill allows the legislature to authorize actions against federal overreach, enabling it to formally declare a federal directive as unconstitutional through a concurrent resolution. This includes clear stipulations on how resolutions must be filed and what elements they must contain, thereby ensuring transparency and specificity in legislative actions.

Finally, the bill notes that inaction by the legislature does not imply compliance with any federal directive nor does it curtail the Texas attorney general's power to contest such directives' legality.

Remarks: Summary: sets forth measures relating to responses to public information if the agency determines there has no information and if the agency determines the requested information is subject to a previous determination that permit/requires the agency withhold the information requested.

Agency Impact: applicable to all agencies - will heavily impact PIRs relating to business filings and elections

Fiscal Impact: TBD

Staff Comments: The bill prevents governmental bodies from imposing charges on requestors under certain conditions, thereby facilitating access to public information. This includes cases where a governmental body fails to provide information on time or if the information pertains to specific election reports.

Litigation relating to information requests is also addressed, as requestors who prevail in court are entitled to recover costs and attorney fees, thus creating an incentive for compliance. Furthermore, the bill allows requestors to lodge complaints with the attorney general for failure of governmental bodies to respond to requests, ensuring more stringent compliance and training for such bodies.
