Re: Freedom of Information Act Request

Dear FOIA Officer:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of your agency, American Oversight makes the following request for records.

On June 10, 2025, Fort Bragg hosted an event intended to celebrate the 250th anniversary of the U.S. Army's founding. At the event, President Trump gave a speech that *Military.com* described as "laced with partisan invective" and noted that there were uniformed servicemembers openly reacting to the president's political statements.[1] The article described the event as a potential violation of the Department of Defense's policies on soldiers taking part in political activity while in uniform.[2] *Military.com* also reported that internal communications of the 82nd Airborne Division suggested the use of screening processes to identify soldiers of a particular physical appearance and partisan leaning for attendance at the event.[3] American Oversight is seeking records with the potential to shed light on these matters and to understand whether and to what extent leadership at the Department of Defense were involved.

Requested Records

American Oversight requests that the Department of Defense produce the following records within twenty business days:

1. All email communications (including emails, email attachments, complete email chains, calendar invitations, and calendar invitation attachments) sent or received by any of the Department of Defense officials listed below **between**

January 20, 2025, and June 17, 2025, that contain both a key term from Column A and a key term from Column B.

Department of Defense Officials:

a. Pete Hegseth, Secretary of Defense
b. Steve Feinberg, Deputy Secretary of Defense
c. Bryn Woollacott MacDonnell, Special Assistant to the Secretary of Defense
d. Dan Caine, Chairman of the Joint Chiefs of Staff
e. Christopher Grady, Vice Chairman of the Joint Chiefs of Staff
f. Darin S. Selnick, Former Deputy Chief of Staff, Former Acting Under Secretary of Defense for Personnel and Readiness & Former Senior Advisor
g. Jules "Jay" Hurst, Acting Under Secretary of Defense for Personnel and Readiness
h. Justin Fulcher, Senior Advisor
i. Michael P. Duffey, Undersecretary of Defense for Acquisition and Sustainment
j. Patrick R. Weaver, Senior Advisor
k. Ricky Buria, Senior Advisor
l. Robert Salesses, Director of Administration and Management, Former Acting Secretary & Former Acting Deputy Secretary
m. Sean Parnell, Assistant to the Secretary of Defense for Public Affairs, Chief Pentagon Spokesman & Senior Advisor

Key Terms:

Column A	Column B
1. Rally	i. Political
2. Bragg	ii. Apolitical
3. Anniversary	iii. MAGA
4. Birthday	iv. "Make America Great Again"
5. "Special event"	v. Partisan
6. "America 250"	vi. "Non-partisan"
7. 250th	vii. Nonpartisan
8. 82nd	viii. Trump
9. America250	ix. President
	x. Commander-in-Chief
	xi. "Commander in Chief"
	xii. Fat
	xiii. Fit
	xiv. Warrior
	xv. Party
	xvi. Appearance
	xvii. Appear

To clarify, an email sent by an official that includes both "rally" and "political" would be responsive. An email sent by an official that includes "rally" but not any of the terms listed in Column B would not be responsive.

To the extent that your agency has the capacity to run Boolean searches, American Oversight believes the following search string is an example of one that would be most effective in the search for responsive records: "Rally" AND ("Political" OR "Apolitical" OR "MAGA", etc.). American Oversight is available to work with you to construct an appropriate search, based on your search capabilities, to most efficiently identify responsive records.

Please note that American Oversight does not seek, and part 1 of this request specifically excludes, the initial mailing of news clips or other mass-distribution emails. However, subsequent communications responding to or forwarding such emails are responsive to this request. In other words, for example, if an official received a mass-distribution news clip email containing the terms "special event" and "appearance," that initial email would not be responsive to this request. However, if the official forwarded that email with commentary, that subsequent message would be responsive to this request and should be produced.

2. All logistical records, training materials, and event screening instructions pertaining to the U.S. Army anniversary ("birthday") event that took place on June 10, 2025, at Fort Bragg. **Please provide all responsive records produced and/or circulated between January 20, 2025, and June 17, 2025.**

3. All rules, regulation, and guidance (e.g. handbooks) on soldiers in uniform appearing at political events and/or engaging in political activity current as of **June 10, 2025**.

Fee Waiver Request

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency's regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is "in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government."[4] The public has a significant interest in political activities held at U.S. military establishments with soldiers in uniform.[5] Records with the potential to shed light on this issue would contribute significantly to public understanding of operations of the federal government, including the nature of political activities planned and executed at Fort Bragg. American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public's understanding of the government's activities would be enhanced through American Oversight's analysis and publication of these records.

[4] 5 U.S.C. § 552(a)(4)(A)(iii).
[5] *See supra*, note 1.

This request "is not primarily in the commercial interest of the requester."[6] In fact, as a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose, and the release of the information requested is not in American Oversight's commercial interest. American Oversight's mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and X (formerly Twitter).[7]

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through regular substantive analyses posted to its website.[8] Examples reflecting this commitment include the posting of records related to the first Trump Administration's contacts with Ukraine and analyses of those contacts;[9] posting records and editorial content about the federal government's response to the COVID-19 pandemic;[10] posting records received as part of American Oversight's "Audit the Wall" project to gather and analyze information related to the first Trump administration's proposed construction of a barrier along the U.S.-Mexico border, and analyses of what those records reveal;[11] the posting of records related to an ethics waiver received by a senior Department of Justice attorney and an analysis of what those records demonstrated regarding the Department's process for issuing such

Accordingly, American Oversight qualifies for a fee waiver.

Guidance Regarding the Search & Processing of Requested Records

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics.

- In conducting your search, please understand the terms "record," "document," and "information" in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages, and transcripts, notes, or minutes of any meetings, telephone conversations, or discussions.

- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.

- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the

Federal Records Act and FOIA.[14] It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.[15]

- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,[16] and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency's archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.

- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.

- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

Conclusion

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more
