Re: Freedom of Information Act Request

Dear FOIA Officer:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of your agency, 6 C.F.R. Part 5, American Oversight makes the following request for records.

The Trump administration is reportedly considering denaturalizing U.S. citizens.[1] American Oversight seeks records with the potential to shed light on this matter.

Requested Records

American Oversight requests that your agency produce the following records within twenty business days:

1. All email communications (including emails, email attachments, complete email chains, calendar invitations, and calendar invitation attachments) sent by any of the officials listed below, and/or anyone communicating on their behalf, such as an assistant, secretary, and/or chief of staff, and containing any of the key terms listed below.

   U.S. Citizenship and Immigration Services Officials:
   i. Angelica Alfonso-Royals, Acting Director
   ii. Kika Scott, Acting Deputy Director
   iii. Andrew Davidson, Acting Associate Director, Fraud Detection and National Security Directorate
   iv. Aaron Calkins, Chief of Staff
   v. Heather Martin, Acting Deputy Chief of Staff
   vi. John Miles, Acting Chief Counsel

vii. Kristinn Coleman, Chief, Office of Investigations
viii. Anyone serving as Senior Advisor
ix. Anyone serving as Deputy Associate Director, Fraud Detection and National Security Directorate
x. Anyone serving as Deputy Chief, Office of Investigations

Key Terms:
a. denatural*
b. de-natural*
c. mass-denatural*

Please note that American Oversight is using the asterisk (*) to designate the standard use of "wildcards" in the search for responsive records. For example, a search for "denatural*" would return all of the following: denaturalize, denaturalized, denaturalization, etc. If your agency is unable to search for wildcards, please advise so that we may specifically include the variations that we would like searched.

In an effort to accommodate your office and reduce the number of potentially responsive records to be processed and produced, American Oversight has limited part 1 of this request to emails sent by the specified individuals. To be clear, however, American Oversight still requests that complete email chains be produced, displaying both sent and received messages. This means that both an individual's response to an email and the initial received message are responsive to this request and should be produced.

2. All email communications (including emails, email attachments, complete email chains, calendar invitations, and calendar invitation attachments) sent by any of the officials listed above in part 1, and/or anyone communicating on their behalf, such as an assistant, secretary, and/or chief of staff, and containing both a key term from Column A and a key term from Column B.

Key Terms:

Column A	Column B
a. citizenship	a. revo*
b. citizen	b. terminat*
c. natural*	

Please note that American Oversight is using the asterisk (*) to designate the standard use of "wildcards" in the search for responsive records. For example, a search for "natural*" would return all of the following: naturalize, naturalization, naturalized, etc. If your agency is unable to search for wildcards, please advise so that we may specifically include the variations that we would like searched.

To clarify, an email sent by an official that included both "citizenship" and "revo*" would be responsive. An email sent by an official that included

"citizenship" but did not include any of the terms listed in Column B would not be responsive.

To the extent that your agency has the capacity to run Boolean searches, American Oversight believes the following search string is an example of one that would be most effective in the search for responsive records: "citizenship" AND ("revo*" OR "terminat*"). American Oversight is available to work with you to construct an appropriate search, based on your search capabilities, to most efficiently identify responsive records.

In an effort to accommodate your office and reduce the number of potentially responsive records to be processed and produced, American Oversight has limited part 2 of this request to emails sent by the specified individuals. To be clear, however, American Oversight still requests that complete email chains be produced, displaying both sent and received messages. This means that both an individual's response to an email and the initial received message are responsive to this request and should be produced.

For both parts of this request, please provide all responsive records from January 20, 2025, through the date the search is conducted.

Fee Waiver Request

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency's regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is "in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government."[2] The public has a significant interest in efforts to denaturalize U.S. citizens.[3] Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the federal government, including whether and to what extent federal officials are considering mass efforts to denaturalize U.S. citizens. American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public's understanding of the government's activities would be enhanced through American Oversight's analysis and publication of these records.

This request "is not primarily in the commercial interest of the requester."[4] In fact, as a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose, and the release of the information requested is not in American Oversight's commercial interest. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and X (formerly Twitter).[5]

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through regular substantive analyses posted to its website.[6] Examples reflecting this commitment include the posting of records related to the first Trump Administration's contacts with Ukraine and analyses of those contacts;[7] posting records and editorial content about the federal government's response to the COVID-19 pandemic;[8] posting records received as part of American Oversight's "Audit the Wall" project to gather and analyze information related to the first Trump administration's proposed construction of a barrier along the U.S.-Mexico border, and analyses of what those records reveal;[9] the posting of records related to an ethics waiver received by a senior Department of Justice attorney and an analysis of what those records demonstrated regarding the Department's process for issuing such waivers;[10]

Guidance Regarding the Search & Processing of Requested Records

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics.

- In conducting your search, please understand the terms "record," "document," and "information" in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind.

- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.

- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.[12] It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.[13]

- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,[14] and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency's archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.

- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.

- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

Conclusion

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your agency can decrease the likelihood of costly and time-consuming litigation in the future.
