Re: Freedom of Information Act Request

Dear FOIA Officer:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of your agency, 6 C.F.R. Part 5, American Oversight makes the following request for records.

On June 5, 2025, ProPublica published a report that detailed the appointment of Thomas Fugate (Thomas C. Fugate III) as the director of the Center for Prevention Programs and Partnerships (CP3) at the Department of Homeland Security (DHS).[1] This report detailed Mr. Fugate's transition from another role at DHS to his current position as a replacement of Bill Braniff.[2] American Oversight is seeking records that would shed light on this matter.

Requested Records

American Oversight requests that the U.S. Department of Homeland Security produce the following records within twenty business days:

1. All email communications (including emails, email attachments, complete email chains, and calendar invitations) sent by Thomas Fugate (Thomas C. Fugate III) between **May 1, 2025, and June 15, 2025,** and containing any of the following key terms.

   Key Terms:
   a. extremism
   b. extremist
   c. Iran
   d. Israel

o. narcotic
p. narcotics
q. cartel
r. cartels
s. supremacy
t. supremacist
u. nationalism
v. nationalist
w. antifa
x. intifada

In an effort to accommodate your office and reduce the number of potentially responsive records to be processed and produced, American Oversight has limited part two of this request to emails sent by Mr. Fugate. To be clear, however, American Oversight still requests that complete email chains be produced, displaying both sent and received messages. This means that both Mr. Fugate's response containing a key term to a given message during the specified time frame and the initial received message are responsive to this request and should be produced.

2. All calendars or calendar entries for Thomas Fugate, including any calendars maintained on his behalf, from **May 1, 2025, through June 15, 2025**.

American Oversight requests that the calendars be produced in a format that includes all invitees, any notes, and all attachments.

Please do not limit your search to electronic calendars; we request the production of any calendar — paper or electronic, whether on government-issued or personal devices — used to track or coordinate how Mr. Fugate allocates his time on agency business.

This search should include any calendars associated with Mr. Fugate's email accounts, as well as any official calendars maintained for him, including by an aide, assistant, or scheduler.

3. All email communications (including emails, email attachments, complete email chains, and calendar invitations) sent by any of the DHS officials listed

below between **January 20, 2025, and February 28, 2025,** and containing any of the following key terms.

DHS Officials:
a. Bill Braniff, Former Director, Center for Prevention Programs and Partnerships (CP3)
b. Anyone serving as Director of CP3
c. Anyone serving as Deputy Director of CP3

Key Terms:
i. Fugate
ii. appointee
iii. appointees
iv. appointed
v. nominee
vi. nominees

In an effort to accommodate your office and reduce the number of potentially responsive records to be processed and produced, American Oversight has limited part two of this request to emails sent by the listed DHS officials. To be clear, however, American Oversight still requests that complete email chains be produced, displaying both sent and received messages. This means that both an official's response containing a key term to a given message during the specified time frame and the initial received message are responsive to this request and should be produced.

Please note the distinct search dates for each parts of this request, as listed in boldface above.

Fee Waiver Request

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency's regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is "in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government."[3] The public has a significant interest in counterterror efforts led by the U.S. government, including leadership of those efforts.[4] Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the federal government, including the transitions of counterterror leaders in and out of certain

offices. American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public's understanding of the government's activities would be enhanced through American Oversight's analysis and publication of these records.

This request "is not primarily in the commercial interest of the requester."[5] In fact, as a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose, and the release of the information requested is not in American Oversight's commercial interest. American Oversight's mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and X (formerly Twitter).[6]

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through regular substantive analyses posted to its website.[7] Examples reflecting this commitment include the posting of records related to the first Trump Administration's contacts with Ukraine and analyses of those contacts;[8] posting records and editorial content about the federal government's response to the COVID-19 pandemic;[9] posting records received as part of American Oversight's "Audit the Wall" project to gather and analyze information related to the first Trump administration's proposed construction of a barrier along the U.S.-Mexico border, and analyses of what those records reveal;[10] the posting of records related to an ethics waiver received by a senior Department of Justice attorney and an analysis of what those records demonstrated regarding the Department's process for issuing such

Accordingly, American Oversight qualifies for a fee waiver.

Guidance Regarding the Search & Processing of Requested Records

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics. For instance, if the request seeks "communications," please search all locations likely to contain communications, including relevant hard-copy files, correspondence files, appropriate locations on hard drives and shared drives, emails, text messages or other direct messaging systems (such as iMessage, WhatsApp, Signal, or X (formerly Twitter) direct messages), voicemail messages, instant messaging systems such as Lync or ICQ, and shared messages systems such as Slack.

- In conducting your search, please understand the terms "record," "document," and "information" in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages, and transcripts, notes, or minutes of any meetings, telephone conversations, or discussions.

- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.

- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in

files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.[13] It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.[14]

- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,[15] and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency's archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.

- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.

- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your agency can decrease the likelihood of costly and time-consuming litigation in the future.
