Hi Dallas - see attached for responses to the questions. Included in the doc are links to the EV plans.

That said, you may have heard that the Dems have issued public records request RE your and my communications. We haven't scrutinized the request yet as the election takes precedence over all. Since the request was received I ask that all email communication with me be sent to davidboone@dconc.gov and copy my personal email. This way I will not need to archive things on my personal device.

Thanks,

Db

What is your County?

- Durham

Current County BOE Chair (your name) * David Boone

Date you plan to pass 2026 March Primary Early voting plan? *

Date Passed in late summer 2025. Attached to message and available at:
https://www.dcovotes.dconc.gov/

2025 EV Plan
https://www.dcovotes.dconc.gov/home/showpublisheddocument/42619/638853540189730000

2026 EV Plan
https://www.dcovotes.dconc.gov/home/showpublisheddocument/42896/638929422172370000

You will see via the heat maps contained in this plan that the Republican populations are concentrated near North and East Libraries, teo southern locations and surprisingly an area near NCCU. DC BOE is looking for a location near Brier Creek and one further north in Durham County

How many in-person Early voting locations did your county have in the **2024 November General Election?** 8

How many in-person Early voting locations do you anticipate/are planning on for the **2026 March Primary?** 8

How many in-person Early voting locations do you anticipate/are planning on for the **2026 November Election? Up to 10**

If your county only had 1 or 2 early voting sites in the 2024 November General Election, could you add additional sites in underserved communities for November 2026 General Election, if you only had to keep them open 3-5 days? If Yes, where ?

*N/A

What areas in your county if any have previously been underserved, when it comes to early voting? Are these areas urban, suburban, rural? Are you able to address this in the 2026 General Elections?

* Brier Creek area and Bahama/Rougemont. Working on it.

Broadly speaking, what else to you envision when it comes to in-person early voting in 2026? How might it change from the past?

AMERICAN OVERSIGHT

* Nothing at this point.

How can OSA and the elections liaison to local BOE chairs be more helpful to you and your duties?

*Review all Numbered memos and ensure that each is in compliance with election law
Work with Legislature to "clean-up" the photo id exception excuses and the types of IDs allowed for voting. For example: no student id's or employer ID's. We know there are foreign students at many area colleges and employees at many companies. Any non-citizen could register and vote while not being a US citizen. Also, many students are not permanent residents: that being so they shouldn't be allowed to vote in county and/or state elections when voting absentee by mail in their home city/county/state is readily available.

One of the most important rights of American citizens is the right to vote. Elections have been held in North Carolina since the time of the Regulation…and before!! Today any US citizen aged 18 and over regardless of race or gender is eligible to participate in the voting process, however, this was not always the case. In the 18th century who could vote? How did voting take place? Learn about voting procedures on Saturday, November 1st, beginning at 1 PM.
