EXTERNAL SENDER

Good morning,

Northwest Florida State College has determined that it does not have any records that are responsive to your request. The College completed its search in a manner compliant with Florida law and does not have any responsive records. The College is not withholding any record responsive to your request based on an exemption from Chapter 119, Florida Statutes. For clarity, the College has its attached partially executed agreement, and the College would also direct you to the ICE website, which provides a link to the fully executed agreement. Other than the agreement itself, the College has not received or created any records responsive to your request. The College will treat this request as closed.

Outside of the records request, should you wish to speak with the College's Strategic Communications department regarding the agreement with ICE, you may contact Mr. David Bishop, Executive Director, who is copied here.

Thank you,

Public Records
