Subject: Update--Early voting Plans due First week of December for March Primary

Updated information.

During the NCSBE meeting this Friday (Oct 31) the following resolution about 2026 Early Voting plans is expected to be adopted:

DRAFT 20251031 Resolution for Even-Year Elections.pdf

I call your attention to this section in reguards to the deadline to submit 2026 March primary early voting plans:

1. With respect to the submission of early voting plans to the State Board for even-numbered-year primary and general elections, a county board of elections shall submit its unanimous early voting plan, or petition for the State Board to adopt a plan for the county when the county board was not unanimous, no later than the Friday of the sixth week

2

before the date that absentee ballots are required to first be issued for the corresponding primary or general election.

The proposed resolution states that EV plans are due to SBOE "no later than the Friday of the sixth week before the date that absentee ballots are required to first be issued for the corresponding primary or general election."

Absentee ballots are slated to go out Monday, January 12. 6 weeks before that is Monday, December 1. The Friday of that week is Friday, December 5.

AMERICAN OVERSIGHT

You should look to NCSBE for the official notice

I am just calling this to your attention for planning purposes

> Lastly: I am finalizing the schedule for our December BOE Chair trainings. They will take place during the second/third weeks of December during the afternoon. They will take place in: Wilmington, Greenville, Raleigh, Winston-Salem, Charlotte and Asheville. I will send a registeration link next week.

Subject: March 2026 Early Voting Plans adopted soon

Dear BOE Chairs:

During the NCSBE meeting this Friday (Oct 31) the following resolution about 2026 Early Voting plans is expected to be adopted:

DRAFT 20251031 Resolution for Even-Year Elections.pdf

I call your attention to this section in reguards to the deadline to submit 2026 March primary early voting plans:

2

before the date that absentee ballots are required to first be issued for the corresponding primary or general election.

By my calculation (and please feel free to check my math)

That makes your Deadline Nov 28th. However that is Thanksgiving week.
So it appears to me that the last ***practial*** date to pass early voting plans for the March primary is actually **Thursday November 20th**

You should look to NCSBE for the offical guidence.

AMERICAN OVERSIGHT

However with many of you having November elections this is a tight timetable and I wanted to get you the information.

Along with following all NCSBE guidelines for early voting site selections: when develping early voting plans for the 2026 March primary you may want to ask yourself the following questions: (Multi-site counties)

1. Do all voters have similar access to early voting locations/opportunites? Are early voting locations too concentrated in one area and not as avaliable in other outlying areas? What if anything can you do to address this?
2. If you anticipate making changes for the 2026 November General Election early voting sites (compared to other even year general elections) should we make those now for the primary to voters become more acustom to the alterations?
3. Can you add early voting locations to meet the needs of previously underserved areas, espically in areas that are outside of urban cores. ?

   Lastly: I am finalizing the schedule for our December BOE Chair trainings. They will take place during the second/third weeks of December during the afternoon. They will take place in: Wilmington, Greenville, Raleigh, Winston-Salem, Charlotte and Asheville. I will send a registeration link next week.
