Event Location and Address: Jackson County Department of Aging, 100 County Services Park, Sylva, NC
Press Invited? No

Purpose: Auditor Boliek to provide remarks at Jackson County GOP's 2026 County Convention

Run of Show

10:00 am – County convention begins Auditor Boliek begins speaking first.

10:20 am- Auditor Boliek concludes speech and opens the floor for questions.

Hard Stop: 10:30 am

POC for Saturday morning:

Captain Scottie Chavis
NC Hwy Patrol
910-824-4415

Drive Time to Wilmington : 6 hours

Event Time Frame: 4:45 PM

Event Location and Address: Country Club of Landfall, 800 Sun Runner Pl, Wilmington, NC 28405, USA

AMERICAN OVERSIGHT

Press Invited?

Purpose: This year's keynote speaker is North Carolina Auditor Dave Boliek, whose attention has been laser-focused on eliminating waste, fraud and abuse at the state level and oversight of the NC State Board of Elections, prioritizing election integrity in the Old North State. State-wide radio host and Carolina Journal contributor Nick Craig will be our evening's emcee.

Run of Show

4:45 pm:

- All speakers, elected officials and candidates who have registered for gala, GOP Executive Board, gather in 800 Prime (room down hallway from ballroom) for Cocktails with the Speakers.
- John Hinnant and Thomas Murphy stationed at front door of club

5:00 pm:

- Passed champagne and hors d'oeuvres begin in 800 Prime
- Guests begin arriving for Cocktails with the Speakers
- Slide Show of auction items, 2025 photos, and agenda start on screens in ballroom

5:30 pm:

- Salads on tables
- Water on glasses
- Passed champagne in lobby begins

6:30 – 6:45 pm:

- John Hinnant, Chair, NHC GOP – Welcome
- Congressman David Rouzer – Invocation
- Jason Smith, NHC District Attorney – Pledge of Allegiance
- Latisha Grady, Candidate, NC House District 18 - NC Pledge
- Steve Love – National Anthem
- Gay Dillard, NC Vice Chair, Republican Party – NC Toast
- John Hinnant – recognizes Executive Board of NHC GOP
- John Hinnant – recognizes elected officials in attendance
- John Hinnant – introduces Nick Craig, Emcee

6:45 – 6:55 pm:

- Nick Craig, Emcee – Recognizes event sponsors
    - Opportunities during event:
        - Wine pull - $50 for chance at $200 bottle of wine
        - Golden ticket - $100 for chance at 50/50 "kitty"
    - Lists a few silent auction items
    - Reminds everyone to continue checking their phones for auction updates

AMERICAN OVERSIGHT

6:55 pm: Dinner served

7:40 pm: Dessert served

7:55 pm: Nick Craig introduces Charles Poindexter, Auctioneer

8:00 – 8:20 pm:

- Charles introduces himself
- Briefly talks about live auction items
- Reminds everyone about silent auction items
- Begins live auction

8:20 – 8:35 pm: Giving Moment

- John joins Charles on stage

8:35 – 8:50 pm:

- Charles and John exit stage,
- Nick returns, introduces Michael Whatley
- Michale Whatley takes stage

8:50 – 9:10 pm:

- Nick returns to stage, introduces NC State Auditor Dave Boliek
- Dave Boliek takes stage

9:10 – 9:20 pm:

- Nick and John take stage
- Silent auction has ended
- Award of Golden Ticket

9:20 pm: Nick thanks everyone, bids guests goodnight.

Return Arrival:

AMERICAN OVERSIGHT

To: Auditor Dave Boliek
From: Lake Silver
Subject: ***Jackson County GOP Convention***
Submission Date: ***03/20/2026***

DATE: ***03/21/2026***
100 COUNTY SERVICES PARK, SYLVA NC
TIME: ***10:00 AM TO 10:30 AM***

FIELD MEETING MEMO

Bottom Line Up Front: ***You will be visiting with a group of engaged community members in Jackson County. You will deliver a 20 min speech, and answer questions for 10 mins.***

About Group:

- **Justin Castle-** County Chair

Republican Elected Officials: (All may not be present):

- **U.S. Representative – NC 11th District:** Chuck Edwards
- **Senator Kevin Corbin** (Republican) – NC Senate District 46
- **Doug Farmer-** Sheriff
- **Mark Letson-** Elected Chairman of the Commissioners
- **Todd Bryson-** Vice Chair of the Commissioners
- **John Smith-** Commissioner
- **Michael Jennings-** Commissioner
- **Jenny Lynn Hooper-** Commissioner

Discussion Background:

Jackson County, North Carolina's economy is driven primarily by tourism, with outdoor recreation, cultural attractions, and Harrah's Cherokee Casino generating significant visitor spending and supporting a large share of local jobs. This is complemented by stable sectors like healthcare, education—anchored by Western Carolina University—and small businesses, reflecting a typical Western North Carolina mix of tourism, services, and public-sector employment:

1. Economic Growth & Cost of Living
- Heavy reliance on tourism creates seasonal jobs and income volatility
- Rising housing costs are outpacing local wages, especially for service workers

2. Housing Availability & Development
- Short-term rentals and second homes reduce long-term housing supply
- Limited affordable housing options for workforce and young families

3. Infrastructure & Transportation
- Rural road maintenance and traffic congestion during peak tourism seasons
- Limited public transportation options across a geographically spread county

4. Healthcare Access
- Shortage of healthcare providers, especially specialists in rural areas
- Residents often travel outside the county for advanced care

AMERICAN OVERSIGHT

5. Education & Workforce Development

- Retaining graduates from Western Carolina University remains a challenge
- Need for more workforce training aligned with local industry needs

Run of Show:

10:00 am – Auditor Boliek arrives and will be the first speaker.

10:20 am – Auditor Boliek finished remarks and takes questions.

10:30 am – Auditor Boliek wraps up [redacted]

Hard Stop: 10:30 am

AMERICAN OVERSIGHT

WNC Speech Prep, Talking Points

Date of Event: 03/21/2026

Organization: Jackson County GOP Meeting TPs

Overview: *You will be visiting a group of Jackson County engaged citizens at their annual GOP convention. You will be given a chance to speak for 20 minutes and answer questions for 10 minutes.*

Introduction
• Good morning, Jackson County Patriots.
• I'm Dave Boliek, your North Carolina State Auditor. Thank you for taking time out of your day to be here.

Give a tribute to Representative Clampitt at the beginning of your speech. Perhaps tell a personal story of Representative Clampitt.

Information about Representative Clampitt:

- Represented Transylvania, Jackson, and Swain counties in the North Carolina General Assembly with a strong focus on mountain communities
- Representative Clampitt was a careet firefighter and emergency responder who brought real-world public safety experience to Raleigh
- Secured support for rural infrastructure—roads, bridges, and transportation critical to Western North Carolina
- Advocated for first responders and disaster preparedness, especially in high-risk mountain regions
- Supported broadband expansion to improve access in rural communities
- Backed workforce and community college initiatives to strengthen local economies
- Played a role in state response and recovery efforts following regional natural disasters
- Known for being accessible, responsive, and deeply connected to his constituents
- Respected for a practical, bipartisan approach to solving local issues
- Remembered for a lifetime of service to public safety and Western North Carolina.
- Representative Clampitt was an absolute fighter until the very end, and loved serving the people of this county, as well as Swain and Transylvania.

Start regular speech:

• The State Auditor's Office is essential to a healthy government. Someone must ensure that the taxpayer dollars you work hard to earn are spent effectively, efficiently, and for the benefit of North Carolinians. That's my job.
• When I took office, I realized many people didn't know what the State Auditor does.

(Insert "family business" story.)

• Since then, I've worked to make this office visible, accessible, and accountable to the people of North Carolina.
• When something goes wrong with the state government, I want you to know who I am — and how to reach us.

AMERICAN OVERSIGHT

• Let me share a few key areas we've focused on.

Winston-Salem/Forsyth County Schools Audit –

- **$15 million kept off the books**
  - Roughly $15M in expenses went unrecorded for months and were only entered after the fiscal year ended.
- **Failure of basic financial controls**
  - The district again failed to complete required monthly reconciliations, one of the most basic safeguards in public finance.
- **Pattern of mismanagement continues**
  - This follow-up shows the district is still "far from having healthy budgeting practices" despite prior findings.
- **Off-the-books spending distorted decision-making**
  - By not recording expenses on time, leadership lacked an accurate picture of available funds and continued overspending.
- **Improper budget transfer created deficit**
  - A $16.99M transfer exceeded available funds, causing an immediate overdraft that grew to over $11M.
- **Questionable internal loan practices**
  - The board approved up to a $6M loan from the Child Nutrition Fund with unclear repayment terms and oversight concerns.
- **Large district, higher responsibility**
  - As one of North Carolina's largest school systems, WS/FCS has a heightened obligation to maintain accurate and transparent finances.
- **Accountability to the public**
  - Parents, teachers, and students deserve transparency and responsible stewardship of taxpayer dollars.
- **Bottom line: fix the fundamentals**
  - The district must get the "foundational building blocks" of budgeting and day-to-day accounting right moving forward.
- **This is an example of my office rolling up our sleeves and finding misuses and abuses of taxpayer dollars.**

DMV

• Another issue that is top of mind for North Carolinians, that I would like to hit on is the DMV.
• I pledged to audit the DMV — and we completed both performance and IT audits.
• The DMV experience has worsened for customers and employees.
Customer Impact:
• Average wait: 1 hour 15 minutes (up 15.5% since 2019).
• 14% of visits exceed 2.5 hours (up 79% since 2019).
Staffing Issues:
• 505 of 710 examiner positions filled — about 160 vacancies.
• Population up 29% in 20 years; examiner positions up only 10%.
• The Average DMV Examiner pay is under $50,000.
• Some counties are severely understaffed.
Structural Problems:

AMERICAN OVERSIGHT

• DMV generates 30% of DOT revenue but receives only 2.8% of expenditures.
• The DMV was excluded from modernization planning.
• Governance under DOT contributes to dysfunction.
Technology Failures:
• Since 2014 there have been 46 IT projects costing $42M with no meaningful customer service improvements.
• Outdated mainframe system overdue for replacement.
Recommendations:
• Consider establishing DMV as an autonomous agency.
• Develop independent strategic planning.
• Conduct statewide staffing analysis.
• Create a centralized performance dashboard.
• Partner with industry experts.
• Strengthen IT oversight.
• These challenges are systemic — but our audit provides a roadmap to restore citizen-focused service.

The First DAVE Act Report
• More broadly, I want to hit on our first DAVE (Division of Accountability, Value, and Efficiency) Act report.
• Recently, my office released a comprehensive, data-driven performance audit examining long-term vacancies across state agencies and the significant impact of the lapsed salary generated when those positions remain unfilled.
• This audit is about transparency. It is about accountability. And it is about ensuring that taxpayer dollars are being used effectively and efficiently.
• Our first DAVE Act report examined long-term state job vacancies and the impact of lapsed salaries.
• As of August 6, 2025:
• 8,846 long-term vacancies across 46 agencies.
• $1.04 billion in generated lapsed salary.
• While not all that money sits unused, long-term vacancies raise serious transparency concerns.
Largest Vacancy Totals:
• Health & Human Services: 3,074 vacancies — $375M.
• Adult Corrections: 2,817 vacancies — $228.6M.
• Transportation: 838 vacancies — $78.6M.
• Commerce: 684 vacancies — $226.1M.
• Causes include low pay, hiring challenges, administrative lag — and sometimes no explanation at all.
• Vacancies muddy the waters. Taxpayer dollars intended for public service instead shift elsewhere.
Options Identified:
• Eliminate positions vacant for 5+ years: $1.9M savings.
• Eliminate positions vacant 1+ year: $138M savings.
• My proposal: eliminate positions vacant 3+ years while preserving critical public safety and healthcare roles — $11.2M in savings.
• We also identified noncompetitive pay in key roles and noted that Highway Patrol vacancies are sometimes used to fund fuel and vehicles.
• We launched a public dashboard for real-time transparency.
• This is not about cutting for the sake of cutting. It's about aligning budgets with reality and restoring accountability.

AMERICAN OVERSIGHT

North Carolina Education Lottery

• Because I know it has been in the news recently, I want to briefly tell you about the Comprehensive Performance Audit of the North Carolina Education Lottery we are launching.
• We released the required financial audit of the Education Lottery and found the financial statements fairly presented. Speech Prep, Talking Points
3
• However, while total ticket sales increased from $5.4 billion in FY24 to $6.6 billion in FY25, net transfers to education declined from $1.07 billion to $1.05 billion.
• The percentage directed to schools dropped from 23% in FY23 to 16% in FY25.
• Despite over $3 billion in revenue growth over three years, education funding has remained essentially flat.
• That raises serious questions, which is why we are launching a Comprehensive Performance Audit.
• North Carolinians deserve clarity on how lottery growth translates into classroom support.

North Carolina Office of Recovery and Resiliency (NCORR)

• Although I took office after Hurricane Helene, my office is working to help Western North Carolina to not relive past recovery failures.
• We conducted an independent evaluation of the Homeowner Recovery Program (HRP), which managed over $1 billion following Hurricanes Matthew and Florence.
• The program did help thousands of families. But our assessment found serious administrative failures that prolonged hardship and required a $297 million state bailout.
• The truth is this: North Carolina's response to those hurricanes was itself a disaster. When bureaucracy comes before boots on the ground, victims suffer.
Fast Facts:
• There are 11,654 applications received; but only 3,522 completed as of April 2025.
• There is an Eight-step application process; each step averaged 100+ days.
• Grant determinations averaged 936 days.
• Some families waited over 1,400 days in temporary housing.
• Three disconnected systems created operational chaos.
Key Failures:

1. Poor budgeting — There was no full assessment of total recovery need.
2. Unreliable data — $25.4 million was spent on Salesforce, yet tracking failures caused serious delays.
3. Weak financial oversight — nearly $785 million disbursed without a single reconciled financial source of truth.
4. Inadequate vendor oversight — few performance metrics, insufficient verification of work.

• North Carolina needs a coordinated, accountable disaster recovery framework for Western North Carolina and those impacted in the future. Here are my recommendations.
Recommendations:
• Create a long-term SOLID disaster recovery partnership across state leadership.
• Strengthen financial oversight, contract management, and data governance.
• Implement immediate improvements in budgeting, reporting, and monitoring.
• This report is about ensuring that when disaster strikes again — and it will — North Carolina is ready.

AMERICAN OVERSIGHT

Conclusion

- Thank you for the work you do — much of it is volunteering to strengthen our state and nation.
- Together, we can improve accountability and restore trust in government.

I'm happy to answer your questions.

Subject: Friendly Reminder - Next Week's Calls

Rural Summit Speakers,
Happy Friday! Including a few friendly reminders below:

- **Event Logistic calls** will be hosted next week. You will need to attend just one of the calls. We will go over event details and answer any questions you may have. All breakout speakers are invited to this call.

AMERICAN OVERSIGHT

- Please ensure all information, including speaker information, is **correct under your session on the AGENDA page.** If there are any edits that need to be made, kindly let me know ASAP and I will be happy to correct this information.
- **Presentations & session formats are due March 13th**. To prevent confusion, please send me one (1) final copy of your presentation. It's a good idea to start thinking of who from your session will submit this.
- **Attached is our current registration list.** Please do not share this with others as it is not public. We appreciate you continuing to spread the word about the Rural Summit to your community!
- Lastly, Bill Holmes and I are here to help! Please let us know what we can do to make this a positive experience for you.

Thank you again for your leadership here! We truly value your time and are looking forward to connecting next week!

Very best,
Savannah

Subject: Important Speaker Information - 2026 Rural Summit

Rural Summit 2026 Speakers,
Thank you again for being an integral part of the Rural Summit: Infrastructure for All - Connecting North Carolina! This is an **amazing** group, and we look forward to continuing to partner with you as we prepare for the Rural Summit.

Included below are a few items to note as we head into the next few weeks.

1. **Detailed Agenda & Your Speaker Information –**
    1. Kindly review by EOD tomorrow to ensure your session's name, description and speaker information are correct.
2. **Final Speaker Call(s) -**
    1. We will host calls for all breakout speakers the week of March 1. You will only need to attend **1** out of the 3 calls.
3. **Event Reminders -**

AMERICAN OVERSIGHT

1. Presentations & session timelines are due March 13th. To prevent confusion, please send me one (1) final copy of your presentation. It's a good idea to start thinking of who from your session will submit this.
2. If you have not already – please register for the event HERE by using the "**SummitSpeaker26**" discount code. **All speakers must register.**
3. Dress code for the event is business attire.
4. Please tell your friends & colleagues about this event. Included below is a template you may use. We appreciate your promotion!

SAMPLE E-MAIL

Dear <Name>,
I hope you are doing well. I want to let you know that I am honored to speak at the 2026 Rural Summit. The Rural Summit is the NC Rural Center's annual conference. It provides a unique opportunity for local leaders and state partners to come together in conversation and celebration. The 2026 Rural Summit will bring together community leaders, policymakers, and rural advocates from across the state and nation to engage in a thoughtful, intentional dialogue about the actions we can take today to advance policy and systems change across a broad spectrum of rural development issues.

The Rural Summit 2026 is taking place March 26-27, 2026, at the Raleigh Marriott Crabtree Valley. The conference theme is Infrastructure for All - Connecting North Carolina.

It would be great to have your support at the conference. If you would like to attend, I'm sharing the link to register here.

Best,
<Speaker Name>

Of course, if you have any additional questions, please let me know. I am here to help!

Thank you again,
Savannah

AMERICAN OVERSIGHT

Outlook

Speaking at Jackson County Republican Convention

From Anna Martina <anna.martina@ncauditor.gov>
on behalf of
Dave Boliek <dave.boliek@ncauditor.gov>

Date Sat 3/21/2026 3:37 AM

To Lake Silver <lake.silver@ncauditor.gov>

1 attachment (531 KB)

03-21-2026 Field Packet.pdf;

Speaking @ 11 AM

AMERICAN OVERSIGHT

From:	Anna Martina on behalf of Dave Boliek
To:	Jude Howard
Cc:	Randy Brechbiel; David Foxx
Subject:	Speaking at Rural Summit"s Opening Ceremony
Attachments:	3.13_2026 Rural Summit Registrant Report-2026-03-13-12-43-02.pdf

Who: <https://www.ncruralcenter.org/> NC Rural Center <https://www.ncruralcenter.org/>
What: Welcome remarks
When: Thursday, March 6; 2:20-2:30 PM

Opening Remarks, Patrick Woodie, CEO NC Rural Center – 2:00 PM (20 minutes)
Auditor Boliek Remarks – 2:20 PM (10 minutes)
Lieutenant Governor Remarks – 2:30 PM (10 minutes)
Opening Keynote, Matt Dunne, Rural Innovation – 2:40 (30 minutes)
Patrick Woodie Concludes – 3:10 (5 minutes)
Important: We ask that you also be available 30 minutes prior to the start of the session. Please block this additional time for technical checks, attendance confirmation, and to address any questions.

Where: Glenwood Ballroom - Raleigh Mariott Crabtree Valley Mall, 4500 Marriott Dr, Raleigh, NC 27612
Why: 600+ rural leaders, legislators and congressional staff are scheduled to attend the 2026 Rural Summit. This summit will discuss infrastructure issues affecting rural North Carolina. (Attendee list attached.)
How: Jude to drive.
Questions? Anna is our internal POC. Savannah Davidsson (Event Management), events@ncruralcenter.org/(269) 808 - 2621 is our external POC.
-AM

AMERICAN OVERSIGHT

DRAFT

Guiding Principles for a Modern Campaign Finance Reporting System

Overarching Goal

The goal of modernizing North Carolina's nearly 35-year-old, paper-dependent campaign finance reporting system is to transition to a secure, cloud-based platform that improves transparency and efficiency in election administration, and makes it easier to file as a candidate or committee, easier to comply with the law, and easier for the public to search, understand, and track reportable political money.

Any modern system should reduce unnecessary compliance burdens while strengthening transparency, accuracy, and public trust.

Core Outcomes

- Transparent
- Secure
- Fast
- Simple to Use
- Searchable
- Trackable

Guiding Principles

1. Cloud-Based and Portable

Operate as a fully cloud-hosted system that eliminates paper filings, supports secure access from anywhere, and scales to meet future needs.

The system should feature a free-to-access central filing system that makes reports accessible from a central public portal reducing board of elections staff workload. The committee recommends that the legislature require electronic filing through the newly adopted system for all candidates beginning with 2028 candidates.

2. Easy and Guided Filing

Provide intuitive, step-by-step filing that: prevents incomplete submissions, reduces user error and guides users towards compliance. System should have capability to match committee names and identification numbers to ease filing and tracking.

3. Automated Compliance and Corrections

Incorporate regulatory requirements specific to each election, committee type, and reporting period, even as limits and thresholds change, while allowing easy, trackable corrections. System should guide users towards full compliance by identifying issues early and allowing for quick corrections, thereby reducing the need for enforcement actions.

AMERICAN OVERSIGHT

DRAFT

4. Electronic Signatures

Facilitate electronic signatures on reports and amendments to streamline submission and reduce administrative delay.

5. Integration and Data Import

Allow imports from readily available campaign management, financial tracking and other common data software.

6. Timely Transparency

Make campaign finance data available quickly with a user-friendly dashboard that features robust, intuitive search capabilities. Allow tracking and sorting by elections cycles, not by just committees and calendar years.

7. Powerful Public Search and Analytics

Enable fast, modern search and filtering tools allowing the public to easily find, analyze, and understand political spending across committees and candidates. Explore the feasibility of automated identification of contributors with slight name variances.

8. Automated and Simplified Communications

Create rapid communications channel between filers and election administrators that will automatically archive for public records compliance and searchability.

The new system should confirm each step of the filing process, from filing to receipt to confirmation, with notifications of due dates.

9. Secure Data Management and Integrated Training

Protect sensitive information, maintain data integrity, and provide a one-stop location for training, guidance, and public information for candidates, committees, and the public. Create unique training models for specific issues.

10. Modernization

Allow for regular updates and modernization so North Carolina's campaign finance management system evolves as technology, law and election administration change in the decades to come.

AMERICAN OVERSIGHT

From: Dallas Woodhouse
To: Kelly Mann
Subject: email to chairs 9please send with BCC and CC me
Date: Thursday, June 4, 2026 1:51:00 PM

Dear Chairs:

We wanted to check in with you to see how things are going with early voting plans and other issues you are seeing.

We especially need to know what counties have passed nonunanimous plans or anticipate they will.

Please send

County
Chair

Plan passed date

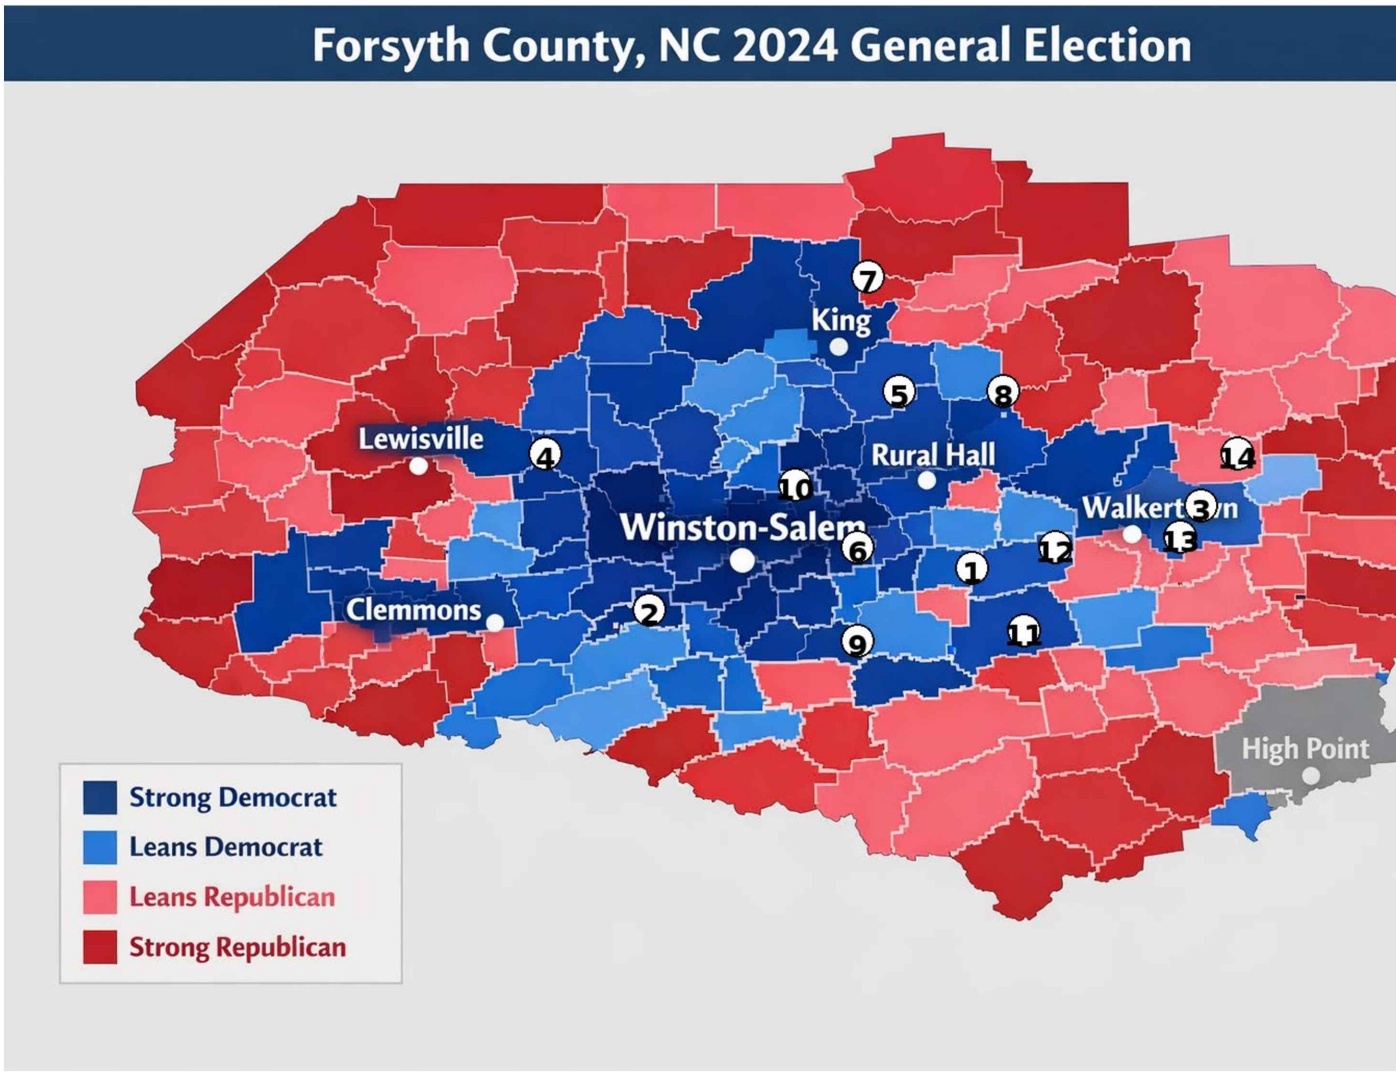

Note if NOT unanimous and describe the difference in the two plans.

Let us know how we can help on this or anything else

Subject: Madison County Early voting plan

The Madison County Board of Elections unanimously approved the Early Voting Plan for the November 2026 General Election for our county at their regular meeting yesterday. The approved plan will mirror the early voting plan from the General Election for 2022.

There will be three sites, Beech Glenn, A B Tech, and Hot Springs; regular voting hours required by law (8am-7:30pm: except the last Saturday which will be 8am-3pm); will start on Thursday October 15th and run through Saturday, October 31st. No Saturday or Sunday voting except for October 31st.

We will monitor SB 1084 as it winds it's way through the legislature. If passed in to law, this bill would modify all early voting in North Carolina.

Subject: RE: proposed early voting plans

You don't often get email from clsoles@cabarruscounty.us. Learn why this is important

Monday at 12:30. The plan is for them to vote on Monday. I really don't know if they will limit themselves to these plans or make changes. My feeling is that they will discuss and may make changes. They had the public comment at their last meeting.

Dear Chairs: I hope you had a wonderful Easter and are ready for spring. After a successful primary, we now turn attention to the General Election. We are asking you to update us on early voting plans for November.

We realize you may not know every detail yet, but we want to check in with you to see what your thoughts are. This short quiz/survey is similar to what we sent before

Please click here to respond https://forms.gle/Hbab3o7ry7mTuxFB7

We are asking for some information comparing the 2026 General Election Early Voting Plans to the 2022 General Election. If you need to refer to what your county did in 2022, click the link below.

2022 General Election One-Stop Site List

A couple notes going forward. Please give us a heads up before passing your plans. Just so we know what is happening before it occurs and can ask questions if needed.

We of course want to continue to add early voting sites where we can as appropriate, while managing our resources carefully. We were proud of the fact that on a statewide basis for March, we increased the number of early voting sites and total hours. Worth noting, that although there was some reduction in under utilized Sunday voting hours, OVERALL we added more weekend hours by adding additional Saturday hours and/or locations.

One legal update:

Many of you continue to express concerns about the availability of staff for early voting. Many of you in counties with some history of Sunday voting have informed us that these days are particularly difficult. We have also listened to your concerns about the high per ballot cast cost of this as well as the burdens on your staff. We hear you.

For March, the NCSBE accepted reductions in Sunday voting hours when overall voting opportunities were increased by extending hours on other days, adding a Saturday or adding new locations.

Thanks for your service. Its important that fill out this survey as soon as possible. Please click here to respond https://forms.gle/Hbab3o7ry7mTuxFB7

AMERICAN OVERSIGHT

DRAFT

Guiding Principles for a Modern Campaign Finance Reporting System

Overarching Goal

The goal of modernizing North Carolina's campaign finance reporting system is to replace a nearly 35-year-old, paper-dependent process with a secure, cloud-based platform that makes it easier to run for office, easier to file as a candidate or committee, easier to comply with the law, easier to administer for election officials, and easier for the public to search, understand, and track political money.

Any modern system should reduce unnecessary compliance burdens while strengthening transparency, accuracy, and public trust.

Core Outcomes

- Transparency
- Easy to Use
- Fast
- Simple
- Searchable
- Trackable

Guiding Principles

1. Cloud-Based and Portable

Operate as a fully cloud-hosted system that eliminates paper filings, supports secure access from anywhere, and scales to meet future needs.

2. Easy and Guided Filing

Provide intuitive, step-by-step filing workflows that prevent incomplete submissions and reduce user error.

3. Automated Compliance and Corrections

Incorporate regulatory requirements specific to each election, committee type, and reporting period, even as limits and thresholds change, while allowing easy, trackable corrections.

4. Electronic Signatures

Permit reports and amendments to be signed electronically to streamline submission and reduce administrative delays.

AMERICAN OVERSIGHT

5. Integration and Data Import

Reduce data entry burdens by supporting standardized imports from approved third-party software providers.

6. Real-Time Public Transparency

Make campaign finance data publicly available without delays caused by paper processing or manual data entry.

7. Powerful Public Search and Analytics

Enable fast, modern search and filtering tools that allow the public to easily find, analyze, and understand political spending across committees and candidates.

8. Automated and Simplified Communications

Use configurable tools to standardize and send reminders, notices, training materials, and correspondence through electronic and physical channels.

9. Administrative Efficiency and Audit Support

Reduce manual review through built-in validation, dashboards, and clear audit trails that support oversight and enforcement.

10. Secure Data Management and Integrated Training

Protect sensitive information, maintain data integrity, and provide a one-stop location for training, guidance, and public information for candidates, committees, and the public.

FOR IMMEDIATE RELEASE

May 20, 2026

Contact: medscommission@ncauditor.gov

MEDS Commission Marks Major Progress on Election Systems Modernization; Calls on General Assembly to Fund SEIMS Replacement

RALEIGH, N.C. — The Modernization of Election Data Systems (MEDS) Advisory Commission today highlighted substantial progress toward modernizing North Carolina's election data infrastructure and approved a resolution urging the North Carolina General Assembly to provide necessary and sustained funding for the full replacement of the Statewide Elections Information Management System (SEIMS).

The MEDS Commission was established to guide modernization of North Carolina's election data infrastructure, including full replacement planning for SEIMS and modernization of campaign finance reporting, with the objective of a secure, auditable, transparent, and modern system capable of supporting statewide election administration.

The Commission's May 20th meeting builds on work completed to date, including statewide public input through a Request for Information (RFI), adoption of guiding principles for campaign finance modernization, and alignment of policy objectives with procurement activities.

Statements

"This Commission has moved North Carolina from concept to execution by creating a disciplined, transparent modernization process grounded in public input and operational expertise," said State Auditor Dave Boliek, Chair of the MEDS Commission. "The Office of the State Auditor is prepared to help manage procurement and implementation in close partnership with the State Board of Elections as we move from planning to implementation."

"The resolution adopted today reflects the Commission's confidence that the State Board of Elections and the Office of the State Auditor are positioned to advance a

AMERICAN OVERSIGHT

comprehensive modernization and eventual replacement of SEIMS," said Brooks Fuller of Common Cause NC, a Commission member and sponsor of the member-initiated resolution. "We are asking the General Assembly to provide sustained funding so this work can move from planning to implementation. We as members of the MEDS Commission will continue to offer public review and transparency through this important process."

"Modernization is about strengthening public trust through security, accuracy, and transparency," said Dr. Chris Cooper of Western Carolina University, a Commission member and resolution sponsor. "The Commission's work has set a clear path forward—now we need the resources to execute it responsibly."

Director of the Civitas Center for Public Integrity at the John Locke Foundation, Dr. Andy Jackson highlighted the Commission's work on Campaign Finance Reporting Modernization as a model going forward.

"A diverse group of North Carolina citizens came together and created key goals on how North Carolina should overhaul campaign finance reporting. These guiding principles capture bipartisan consensus around replacing outdated, paper-dependent processes with a secure, modern, user-friendly system, A system that is easier to use and easier to search will reduce errors and improve transparency for North Carolinians. Those principles are now in the official proposal requests the state has published. A better system is now just around the corner for North Carolina because of this bipartisan citizen-driven process. With proper resources, this kind of success can be replicated in modernizing all our antiquated election data systems."

"We appreciate the Commission's engagement and the confidence reflected in its work," said Sam Hayes, Executive Director of the North Carolina State Board of Elections. "This support helps position the State Board and our partners to move from planning to implementation in a way that improves election administration and service to voters statewide."

Why SEIMS Replacement is Needed

- SEIMS has absorbed years of legislative changes in a piecemeal way, resulting in an increasingly difficult framework to maintain and enhance, especially as legacy coding languages become less supported.
- SEIMS does not support counties viewing other counties' registration documentation, requiring manual requests to process removals and address duplicates; standardized access would improve efficiency and help maintain cleaner voter rolls.

AMERICAN OVERSIGHT

- The SEIMS user interface is dated and not intuitive, making onboarding and training difficult for new and temporary staff; a modern, user-focused system would improve data quality, usability, and accessibility statewide.
- A replacement system would strengthen security, improve list maintenance accuracy, speed responses to county change requests and law changes, improve the county end-user experience, and support custom reporting for internal audits.
- The North Carolina State Board of Elections has requested $60 million for the project, which will take several years to implement and test.

Resolution Adopted

The resolution adopted by the Commission affirms strong support for continued modernization and the scheduled full replacement of SEIMS, requests that the General Assembly and state leadership provide necessary and sustained funding, and warns that delaying or underfunding the effort will increase long-term costs and risks. View the Resolution here XXX

Campaign Finance Modernization

Guiding principles (full text): NC Auditor – Guiding Principles for Campaign Finance Reform

The Commission also previously adopted guiding principles for a modern campaign finance reporting system, including cloud-based and portable design, easy and guided filing, automated compliance and corrections, electronic signatures, integration and data import, timely transparency, powerful public search and analytics, simplified communications, secure data management and training, and ongoing modernization. The new campaign finance reporting system is expected to be in place before the 2028 candidate filing period.

Campaign Finance RFP (NCSBE): View the formal Request for Proposal (RFP)

Next Steps

Following today's meeting, the Commission will continue coordination with the State Board of Elections and the Office of the State Auditor as procurement and implementation planning advance, and the MEDS Subcommittee (NEXUS): Next-generation Elections Data Excellence & Upgrade Subcommittee
will meet over the summer to prepare recommendations related to long-term SEIMS modernization and replacement.

AMERICAN OVERSIGHT

About the MEDS Advisory Commission

The Modernization of Election Data Systems (MEDS) Advisory Commission guides modernization of North Carolina's election data infrastructure, including full replacement planning for the State Election Information Management System (SEIMS) and modernization of campaign finance reporting. The objective is a secure, auditable, transparent, and modern system capable of supporting statewide election administration.

About the North Carolina Office of the State Auditor

The North Carolina Office of the State Auditor works to promote government accountability and transparency by conducting audits and providing oversight to help ensure efficient use of public resources.

AMERICAN OVERSIGHT

RESOLUTION OF THE MODERNIZATION OF ELECTION DATA SYSTEMS (MEDS) ADVISORY COMMISSION

IN SUPPORT OF FUNDING FOR THE NEXT PHASE OF THE STATEWIDE ELECTIONS INFORMATION MANAGEMENT SYSTEM (SEIMS) MODERNIZATION

WHEREAS, the MEDS Advisory Commission (the Commission) is completing substantial work, including offering guidance on a statewide Request for Information (RFI) process; development of guiding principles for modernization; alignment of policy objectives with procurement activities; and evaluation of modernization strategies for both campaign finance reporting and SEIMS replacement;

WHEREAS, the Commission is now confident that the North Carolina State Board of Elections and the Office of the State Auditor are positioned to successfully advance and complete a comprehensive modernization and eventual replacement of SEIMS;

WHEREAS, the next phase of SEIMS modernization represents a decisive transition from planning and interim improvements to full system overhaul and long-term replacement architecture;

WHEREAS, the Commission recognizes that the funding required for this next phase will amount to tens of millions of dollars (60m), and that such a request is significant and not made lightly;

WHEREAS, the Commission further recognizes that this investment reflects the scale, complexity, and importance of replacing core statewide infrastructure that underpins all election administration functions in North Carolina;

WHEREAS, portions of the current SEIMS system are written in obsolete or 'dead' computer code that is increasingly difficult to maintain, secure, or support, and which presents a clear and foreseeable risk that critical components of the system will fail to remain serviceable in the coming years;

WHEREAS, failure to adequately fund and execute the next phase of SEIMS modernization would result in continued dependence on aging and unsupported systems, jeopardizing the ability of the State to effectively administer elections in the future.

AMERICAN OVERSIGHT

NOW, THEREFORE, BE IT RESOLVED that the MEDS Advisory Commission affirms its strong support for the continued modernization and full replacement of SEIMS;

BE IT FURTHER RESOLVED, that the Commission expresses confidence in the North Carolina State Board of Elections and the Office of the State Auditor to execute this modernization effort effectively, transparently, and accountably; and the MEDS Commission intends to provide additional transparency, accountability, and oversight as appropriate;

BE IT FURTHER RESOLVED, that the Commission calls upon the General Assembly and state leadership to provide necessary and sustained funding;

BE IT FURTHER RESOLVED, that while the financial commitment is substantial, the importance of this system as core election infrastructure fully justifies the investment;

BE IT FURTHER RESOLVED, that delaying or underfunding this effort will increase long-term costs and risks and increase the likelihood of system failure;

BE IT FINALLY RESOLVED, that the Commission declares that the time to act is now to ensure election systems remain secure and operational, and that a copy of this resolution shall be transmitted to the North Carolina State Board of Elections, the North Carolina Office of the State Auditor, and members of the North Carolina General Assembly

Adopted the 20th day of May, 2026.

AMERICAN OVERSIGHT

RESOLUTION OF THE MODERNIZATION OF ELECTION DATA SYSTEMS (MEDS) ADVISORY COMMISSION

IN SUPPORT OF FUNDING FOR THE NEXT PHASE OF THE STATEWIDE ELECTIONS INFORMATION MANAGEMENT SYSTEM (SEIMS) MODERNIZATION

WHEREAS, the MEDS Advisory Commission (the Commission) is completing substantial work, including offering guidance on a statewide Request for Information (RFI) process; developing guiding principles for modernization; aligning policy objectives with procurement activities; and evaluating modernization strategies for both campaign finance reporting and SEIMS replacement;

WHEREAS, the Commission is confident that the North Carolina State Board of Elections and the Office of the State Auditor are positioned to successfully advance and complete a comprehensive modernization and eventual replacement of SEIMS;

WHEREAS, the next phase of SEIMS modernization represents a transition from planning and interim improvements to full system overhaul and long-term replacement architecture;

WHEREAS, the Commission recognizes that the funding required for this next phase will amount to tens of millions of dollars, and that such a request is significant and not made lightly;

WHEREAS, the Commission further recognizes that this investment reflects the scale, complexity, and importance of replacing core statewide infrastructure that underpins all election administration functions in North Carolina;

WHEREAS, portions of the current SEIMS system are written in obsolete or 'dead' computer code that is increasingly difficult to maintain, secure, or support, and which presents a clear and foreseeable risk that critical components of the system will fail to remain serviceable in the coming years;

WHEREAS, failure to adequately fund and execute the next phase of SEIMS modernization would result in continued dependence on aging and unsupported systems, jeopardizing the ability of the State to effectively administer elections in the future.

AMERICAN OVERSIGHT

NOW, THEREFORE, BE IT RESOLVED that the MEDS Advisory Commission affirms its strong support for the continued modernization and full replacement of SEIMS;

BE IT FURTHER RESOLVED, that the Commission requests that the General Assembly and state leadership provide necessary and sustained funding for the SEIMS replacement;

BE IT FURTHER RESOLVED, that while the financial commitment is substantial, the importance of this system as core election infrastructure fully justifies the investment;

BE IT FURTHER RESOLVED, that delaying or underfunding this effort will increase long-term costs and risks and increase the likelihood of system failure;

BE IT FINALLY RESOLVED, that a copy of this resolution shall be transmitted to the North Carolina General Assembly.

Adopted the 20th day of May, 2026.

AMERICAN OVERSIGHT

Memo

To: Office of State Auditor
From: Charlie Collicutt, Director of the Guilford County Board of Elections
Date: April 10, 2024
Re: Reconciliation of Ballot Distribution

During the post-election processes for the March 3, 2026 Primary Election, questions arose through protest filings regarding the correct distribution of proper ballot styles at early voting sites in Guilford County. Specifically, there were allegations that certain candidates and the Republican North Carolina Senate District 26 contest did not appear on the ballots of voters eligible for those contests, and this was due to errors by precinct officials. Guilford County has multiple NC Senate Districts, and some ballots included this contest, while others did not.

The purpose of this document is to discuss our site procedures and elaborate on certain reconciliation process noted at the time of the allegations, and further reconciliations of our ballot tabulation in our post-canvass processes.

First, each early voting site in Guilford is equipped with at least one laptop computer and barcode scanner system that is used to ensure that each voter is given the proper ballot style. A voter's Authorization to Vote has a barcode that simply contains the ballot style assigned to the voter. Each ballot has a similar barcode, which just contains the ballot style (for example, R021 or D012). Before handing the voter a ballot, each barcode is scanned by the precinct official. If the barcodes match, the system produces a voice prompt indicating a ballot style match.

Despite this, there could still be a precinct official error that led a voter to be provided with the wrong ballot style. During our canvass period, I was able to determine the number of voters who *should* have been provided with a ballot with NC Senate District 26 from our early voting management system. I was successfully able to reconcile this number with the number of ballots cast into the early voting tabulators that contained the NC Senate District 26 contest. With this result, we know that there were no ballot distribution errors, or there were an equal number of offsetting errors – where NC Senate District 26-eligible voters were provided ballots omitting NC Senate District 26 and the same number of NC Senate District 26-ineligible voters were provided with a ballot including NC Senate District 26.

Finally, after the final certification of the election, there is a 30-day sort process where early voting ballots are hand-sorted into their precinct group, and retabulated so that data can be provided at the precinct level instead of all grouped as one early voting result. After this process, we were able to reconcile the voters eligible for NC Senate District 26 with ballots cast that contained Senate District 26. Though similar to the reconciliation illustrated above, this precinct level reconciliation is conducted on smaller groupings of ballots – 165 precincts – that would more easily demonstrate the offsetting error dilemma.

For the reasons described here, I feel confident that the irregularities noted in the protest allegations are highly unlikely to have occurred at the Guilford County early voting sites.

Subject:

Auditor Boliek,

The topic I planned to discuss with you was training. I have no doubt with the representative group of SEIMS "customers" you have assembled that North Carolina will develop an excellent new SEIMS. However, if users don't know use the new software, it will not be nearly as successful as it could be. A training component focus should be made a priority.

Training videos and interactive training will bring a level of expertise to SEIMS that does not exist currently. Staff turnover at the County level is growing. The citizens that serve as Early Voting and Election Day officials only do their jobs a few days a year or maybe every two years. Most Candidate Treasurers have not served in that role before.

I propose not only do we build training into the new SEIMS, but also create statewide training for SOSA and OVRD (the two software programs used to process voters at the polling site) before the 2026 General Election by hiring a professional company to create that training. This also provides for a short term improvement while awaiting the longer term rollout.
The law expects every county to administer elections the same way. That can be challenging when 100 counties train 100 different ways. Some counties may be great administrators, but struggle with being a trainer. A professional training course can provide uniformity for county election administration and bring increased knowledge and retention for pollworkers.

We can build the greatest SEIMS in the world, but if its customers cannot use it easily and accurately, what have we really accomplished. I look forward to working with everyone in the coming months. Should you have any questions, please let me know.
Thank you for your time and your service to North Carolina,

Matt Snyder

About the job

Job Description Independently performs complex technical, administrative and managerial functions in the operation of the office of the Pasquotank County Board of Elections.

General Responsibilities And Duties Responsibilities include receiving and processing applications for registration; candidate filings; processing absentee ballot applications; training and supervising personnel; preparing for federal, state, district, county, municipal and special elections; directing the day-to-day operation of the office, including budget proposals; providing clerical and administrative assistance to the Pasquotank County Board of Elections. Considerable tact and courtesy must be exercised in the extensive public contact of this office and in the dissemination of information to the news media, political parties, candidates and the general public. Independent judgment and initiative are required in applying laws and administering policies to specific cases and in carrying out assignments. Duties are performed in accordance with Chapter 163 of the North Carolina General Statutes and other relevant federal, state and local election laws, rules and regulations, under the administrative supervision of the county board of elections. Records are subject to use and scrutiny by the general public. Attendance is required at a variety of meetings. Upon employment (after May 1, 1995), employee must complete the State Board of Elections certification requirements. The director reports to the Chairman of the Pasquotank County Board of Elections and the State Executive Secretary-Director of Elections.

Knowledge, Skills And Abilities

- Thorough knowledge of electoral procedures, policies and laws as set forth by the State Board of Elections, General Statutes and federal laws;
- Thorough knowledge of the ethical guidelines applicable to the position as outlined by professional organizations and/or federal, state and local laws, rules and regulations;
- Considerable knowledge of modern office practices, procedures and equipment, including operating a computer and use of word processing software;
- Considerable knowledge of modern record keeping and business practices;
- Desire and ability to learn use of voter registration software quickly and with minimum training;
- Ability to use computer-driven word processing, spreadsheet and file maintenance programs;
- Ability to type at a moderate rate of speed with accuracy;
- Working knowledge of the organizational structure, operations and functions of county government;
- General knowledge of the principles of organization supervision and administration;
- Ability to exercise independent judgment and initiative in carrying out assignments;
- Ability to perform assignments on the basis of general outlines or directions without specific instructions as to details and to perform continuing assignments independently;
- Ability to communicate effectively in oral and written forms;
- Ability to train, supervise and delegate work to others efficiently, including the organization of and coordination of elections activities among a large group of elections assistants;
- Ability to establish and maintain good working relationships with the general public, precinct officials, new media, county officials and other county and city departments as necessitated by work assignments. General knowledge of the common requirements, policies and procedures of the news media regarding information pertaining to voter registration, elections and election results;
- Ability to exercise considerable tact and courtesy in frequent public contact;
- Ability to withstand excessive physical and psychological stress for considerable duration;

AMERICAN OVERSIGHT

- Ability to work under pressure of frequent interruptions.

MINIMUM QUALIFICATIONS OR STANDARDS REQUIRED TO PERFORM ESSENTIAL JOB FUNCTIONS Graduation from a two (2) year college or technical school majoring in administrative office support or other related field, and at least two (2) years of job-related work experience; or an equivalent of education and experience which provides the required knowledge, skills and abilities. Notary Public certification is required or must be obtained. Election Administrator certification is required or must be obtained in accordance with North Carolina State Board of Elections regulations. A valid driver's license and vehicle for daily use is required. A technology-savvy, detail-oriented, organized individual with excellent interpersonal and communication skills is essential.

- Physical Requirements: Must be physically able to operate a variety of machinery and equipment, including computers, typewriters, calculators, copiers, facsimile machines, etc. Must be able to exert a negligible amount of force frequently or constantly to lift, carry, push, pull or otherwise move objects. Sedentary work involves sitting most of the time, but may involve walking or standing for periods of time.
- Data Conception: Requires the ability to compare and/or judge the readily observable, functional, structural, or composite characteristics (whether similar to or divergent from obvious standards) of data, people or things.
- Interpersonal Communications: Requires the ability to speak and/or signal people to convey or exchange information. Includes giving assignments and/or directions to subordinates or assistants.
- Language Ability: Requires the ability to read a variety of correspondence, forms, reports, etc. Requires the ability to prepare correspondence, reports, forms, lists, etc. Requires the ability to speak before groups of people with pose, voice control and confidence.
- Intelligence: Requires the ability to apply rational systems to solve practical problems and deal with a variety of concrete variables in situations where only limited standardization exists; to interpret a variety of instructions furnished in written, oral, diagrammatic or schedule form.
- Verbal Aptitude: Requires the ability to record and deliver information, to explain procedures, to follow oral and written instructions. Must be able to communicate effectively and efficiently in standard English.
- Numerical Aptitude: Requires the ability to utilize math formulas; to add and subtract totals; to multiply and divide; to determine percentages and decimals.
- Form/Spatial Aptitude: Requires the ability to inspect items for proper length, width and shape.
- Motor Coordination: Requires the ability to coordinate hands and eyes rapidly and accurately in using automated office equipment.
- Manual Dexterity: Requires the ability to handle a variety of items, office equipment, control knobs, switches, etc. Must have minimal levels of eye/hand/foot coordination.
- Color Discrimination: Requires the ability to differentiate between colors and shades of color.
- Interpersonal Temperament: Requires the ability to deal with people beyond giving and receiving instructions. The worker needs to relate to people in all situations involving more than giving or receiving instructions.
- Physical Communication: Requires the ability to talk and/or hear: (talking: expressing or exchanging ideas by means of spoken words; hearing: perceiving nature of sounds by ear). Requires the ability to communicate by telephone.

New Hanover County, located on the North Carolina coast with a population of over 240,000 and approximately 183,400 registered voters, is seeking an Elections Director to become part of a dynamic, professional county organization with a clear vision as a vibrant, prosperous, diverse coastal community, committed to building a sustainable future for generations to come. The Elections Director will be responsible for planning and directing overall operations of the office of the New Hanover County Board of Elections in the preparation for and execution of all federal, state, and municipal elections in New Hanover County. The next Director will possess extensive knowledge of electoral procedures and policies as set forth in the NC General Statutes and will demonstrate critical thinking skills along with analytical and problem-solving abilities.

At fewer than 200 square miles, New Hanover is the 2nd smallest of the 100 North Carolina counties, but one of the most densely populated. In addition to being a great place in which to live, New Hanover County is a great place in which to do business. Tourism, film production, healthcare, the service and retail sectors are the engines that power its economy. New Hanover County is committed to progressive public policy, superior service, courteous contact, judicious exercise of authority, and sound fiscal management to meet the needs and concerns of our citizens today and tomorrow. To serve the citizens of this progressive regional urban center, New Hanover County operates under a county-wide strategic plan guided by a clear vision, mission, and a set of shared values that shape how decisions are made. These shared values are professionalism, equity, integrity, innovation, stewardship, and accountability.

Key responsibilities:

- Plan, direct, and oversee all operations of the New Hanover County Board of Elections Office, including voter registration, records management, absentee ballot procedures, candidacy filing, poll worker recruitment and training, equipment maintenance, and the administration of early voting and Election Day activities.
- Ensure full compliance with all election laws, policies, and procedures as established by the North Carolina General Statutes and the State Board of Elections.

AMERICAN OVERSIGHT

- Recruit, train, and supervise full-time staff, temporary workers, and volunteers, fostering a professional, inclusive, and high-performing workplace culture.
- Provide administrative and operational support to the Board of Elections, including making recommendations and preparing agendas, ballots, reports, and meeting materials.
- Manage voter education and registration drive programs in cooperation with candidates, political parties, and civic organizations.
- Obtain legal opinions and advise on various election procedures.
- Communicate and interact with candidates, political parties, civic organizations, the media, and the general public, and represent the Elections department as a non-partisan position promoting understanding, confidence, and trust in the electoral process,
- Administer department operations, including monitoring polling place accessibility, preparing voting machines, maintaining maps of all precincts, and making recommendations via the County Board of Elections to the State Board of Elections regarding precinct boundaries.
- Report unofficial election results to media, and assists the Board with canvassing official results.
- Develop and implement departmental policies, procedures, and technical improvements to enhance efficiency and service delivery.
- Prepare and manage the departmental budget, oversee expenditures, and coordinate contracts for election services and equipment.
- Lead strategic initiatives to enhance voter accessibility, leverage technology, and expand community engagement and voter education efforts.
- Serve as the primary liaison with the North Carolina State Board of Elections, county departments, municipalities, and other agencies on election-related matters.

About the Department

The mission of the New Hanover County Board of Elections is to provide the highest level of professional standards to ensure accurate, honest, and fair elections through accountability and integrity and to provide all citizens our services in the most efficient, effective, and timely manner. The New Hanover County Board of Elections administers elections with the highest commitment to accuracy, integrity, and public trust. The department oversees all aspects of election administration, including voter registration, polling site operations, ballot preparation, and election result certification while ensuring compliance with all applicable election laws. With an annual operating budget of approximately $2,123,000, the department maintains a strong focus on transparency, collaboration, and voter confidence, working closely with local, state, and federal partners to ensure fair and accessible elections for all citizens.

Qualifications

Bachelor's Degree in Political Science or a related field and 7 years of progressively responsible elections experience which demonstrates sufficient management knowledge/skills to successfully perform the functions of this position; or an equivalent combination of education and experience. Knowledge of state and federal voter registration and election laws, codes, rules, regulations, and guidelines and of budget and management principles. Demonstrated skill in establishing and maintaining effective working relationships with a variety of groups and individuals; preparing and making presentations to groups; using a computer and relevant software applications; analyzing statistics or problems and coming to a sound conclusion/resolution; and analyzing service delivery and implementing improvements.

AMERICAN OVERSIGHT

Licenses/Certifications

- Certification as a NC Election Administrator preferred at application, but must be obtained within 3 years of employment.
- CERA - Certified Elections/Registration Administrator (National Recognized Auburn University Election Center Accreditation Program) preferred.

Other Information

Applicant Information:

This position is open until filled; however, priority consideration will be given to applications received through Tuesday, December 2, 2025. After the closing date for this position, applications will be screened by Human Resources. Applicants referred to the department will receive an email requesting important information pertinent to the position applied for.All updates regarding an application can be viewed through your applicant portal.

Compensation: The current salary range for this position is $79,291 - $134,795. Salary is negotiable within the range, depending on qualifications.

Hours: 8:00AM - 5:00PM weekdays; must be available varied hours during elections, special events, and emergency response incidents.

New Hanover County is an Equal Opportunity Employer.

All very good edits, Chris, Linda, et al. I also made one minor edit to the final guiding principle, replacing "statutes" with "law" since statutes are not the only legal mechanism for changing the campaign finance landscape. If that doesn't sit right with anyone, I'm happy to revert. Both updated versions are attached, but I'd like to think we've hit this milestone.

Subject: Re: Working document: MEDS Campaign Finance subcommittee

Thanks for this, Brooks! This is terrific!

My remaining suggestions (tiny line edits, not anything substantive):

- Paragraph 1: "elections" (plural) administration is not technically wrong, but people in the field generally use the singular (election administration). Solution: drop the s
- #1: can we delete "with the 2027 filing period?" I know the filing period for 2028 is expected to be in 2027, but as we all know, if it's a day that ends in y, there is an election lawsuit in nc—and always the possibility that filing is delayed. I think if we just make the 2028 piece clear, we don't need to specify when the filing is. Solution: delete: "with the 2027 filing period?"
- #3: I don't know that we need "serious" before "issues."
- $6: maybe add "by" between "not" and "just"
- #10: maybe change "campaigns" to "election administration." My logic here is that campaigns (in terms of strategy) will definitely change, but our focus is on the election administration piece.

Thanks again!

Chris

AMERICAN OVERSIGHT

Hi everyone,
Hope you all are in for a restful weekend. Attached please find two documents:

1. A clean version of the Statement of Guiding Principles for the Campaign Finance overhaul
2. A redline version of the Statement of Guiding Principles

I accepted the vast majority of edits requested by Chris and Linda, though I took some draftsman's license to try to capture their recommended ideas as succinctly as possible. That changed some wording but no substance. I also cleaned the draft of typos and a few clumsily drafted phrases (all my own) that I located. Again, all form and no substance.

Once folks have a final opportunity to take a look, we can remove the "DRAFT" header and prepare it for release to the public and submission to the commission.

Everyone take care and have a great weekend.

Brooks

If we can get that out to the public, that is fine. I will not debate particular changes to the document here.

Two notes:

- I will be out of the office and unavailable by email on Monday.
- The next meeting scheduling email should include Shanetta Smith at ssmith@hokecounty.org . Allen Thomas asked that she be included to help him with meeting dates and times.

> Hi everyone,
> Thanks for this discussion. We do need to make sure that substantive conversations in our advisory function happen in public view. I think the best way to do that under current law, which I discuss below, is to publish our draft documents (with comments and track changes) proactively rather than only in response to a PRR. We could also hold a very brief recorded meeting where a chair (I'll volunteer) gives a brief report on the edits made between the last public meeting and the March 18 meeting. That is a more cumbersome option, but it would give full visibility. And of course our emails will be available to anyone upon request.
>
> Fortunately, Chris's and Linda's recommendations appear to change only the framing and clarity of the principles in the draft. They do not introduce new principles or policy proposals. That makes me comfortable with the transparency options I mention above.
>

> **Below is a little bit more context on deliberation via email and NC transparency law:**

AMERICAN OVERSIGHT

Open meetings law requires us to only deliberate on matters germane to our function in a public setting. There's a split of opinion in legal circles over whether asynchronous email communication qualifies as a "meeting" of a public body under the open meetings law. However, our court of appeals answered this in a 2024 case, which I've linked here and said that email communication under the facts of that case was not a "meeting." I personally disagree with some of the reasoning in the ruling, but I think one of the paths I propose above could allow for more transparency than what the law appears to require and would be a good compromise.

Andy, thanks for the thoughts. The sub committee needs to finish the document and present to the large committee with the request they accept the sub committees judgement. The public can weigh in at a later time. However they are finishing the RFP for this in the next week or so, and they are waiting on recommendations from next weeks meeting. That's the cards we have in front of us.

Happy Friday,

I believe that if we make substantive changes to the document (as opposed to technical corrections or inserting things we remember we said in the last meeting), we should do so in a manner that the public can access.

AMERICAN OVERSIGHT

We could do that by presenting substantive recommendations as edits in the next meeting (which would probably have to get moved up to Tuesday afternoon to give us enough time to hammer this out) or by asking staff to make this email thread public.

I am comfortable with either one.

On the other hand, if you think I am being hypersensitive about open meetings and public records, please say so.

AMERICAN OVERSIGHT

All,

Great meeting yesterday. My suggestion, based on our discussions, with regards to the current draft relates to the opening paragraph: Overreaching Goal

Suggestion:

The goal of modernizing North Carolina's nearly 35-year-old, paper-dependent campaign finance reporting system, is to allow for easier compliance by candidates and campaigns, more efficient administration by elections staff, as well as built-in search and tracking functions that allow for greater public access and transparency.

Linda

On Thursday, March 12, 2026 at 12:44:10 PM EDT, Christopher Cooper <ccooper@email.wcu.edu> wrote:

Hi all,

Thanks Brooks, and thanks to everyone for a terrific meeting yesterday.

Quick comments—take em or leave em (I appreciate Brooks' point about limiting wordsmithing, so I'll let our fearless leaders—Andy and Brooks—decide which side of the ledger these comments fall on).

- in the goal, this "easier to run for office, " seems like too much. I don't think any software system can do that (although they can make it easier to comply with the law, easier to file, etc." Possible solution: delete that clause
- under core outcomes: easy to use and simple seem synonyms to me. Possible solution: delete "simple."
- guiding principle 1: maybe add "through the newly adopted system" after "filing" and before "fore."
- guiding principle 2: this one mentions easy, but we already had that under core outcomes. Makes me wonder if we should just delete "core outcomes" entirely. Honestly, I think we can get where we need to go with just the goal and the guiding principles and limit the length a bit.
- guiding principle 4: seems to me that we're not "permitting" electronic signatures (which implies that there are other ways that are also permitted) but we are requiring it. possible solution: change "permit" to "require"
- 8: add "to" before "receipt"
- 10. I don't love the "never again frozen in time" piece—makes it seem like people weren't doing their jobs before. Can we just delete everything from "is" through "but"

Chris

You don't often get email from bfuller@commoncause.org. Learn why this is important

WARNING: This email originated from a non-WCU email account. Do not click links or open attachments unless you are confident the content is safe.

Good afternoon, MEDS Commission Campaign Finance Subcommittee:

Thank you all for participating in the discussion and drafting of our Statement of Guiding Principles. **I am attaching a near-final draft of the document for your review by Friday, March 13 at 5pm**. Please limit comments to major disagreements and any typos you might find. We would like to keep further wordsmithing to a minimum.

I'm also writing to give you a brief update of the outcomes from yesterday's meeting:

1. Statement of Guiding Principles: The subcommittee met to discuss suggested edits to the original working draft and recommendations for specific platform capabilities. Staff from the OSA and NCSBE provided helpful guidance and background. We came away with the attached draft for your review.

2. March 18 meeting agenda:

    a. OSA and NCSBE staff updates

    b. Report from the Campaign Finance subcommittee co-chairs (presenting the guiding principles)

    c. Presentations from elections administrators (Maryland, Mississippi, Delaware) on their states' campaign finance systems and experience with recent upgrades

AMERICAN OVERSIGHT

d. Statements from professional journalists on challenges with the current system and recommendations

3. Discussion of other state systems:

    a. We did not discuss committee member reviews of systems in other states. I think we should share insights at our next subcommittee meeting

Please let me or Andy know if you have any questions. Thank you again for your service on the commission and take care.

Hello again, fellow MEDS campaign finance subcommittee members.

I have attached the updated draft document with your additions and suggestions. Please confirm that all of your suggestions as substantively the same as what you wrote. I took the liberty of reformatting some suggestions to ensure consistency. I also made some tweaks when Grammarly screamed at me (mostly adding "the" or Oxford commas). If anything I wrote differs from your intent, let us know at the start of the meeting so we can correct it.

Linda, I thought that a couple of things you wrote would fit well in the introduction. Let us know if that is OK at the start of the meeting.

As previously noted, Brooks has point for tomorrow's meeting.

See you tomorrow.

Subject: Working document: MEDS Campaign Finance subcommittee

Hello, fellow MEDS Campaign Finance subcommittee members.

As we discussed yesterday, the plan is to start with the suggested draft document we received and have each of us incorporate our ideas and those from the people we have contacted into it. I have been informed that OSA security protocols would make it difficult for them to set up a Google Doc for us to work on, so we will have to do this the old-fashioned way.

Please put each idea as a bullet point within the draft document. Place it under one of the current principles if you believe it fits well under it. If you don't see a place for it under any of the proposed principles, place it at the end of the document. Please put your name in parentheses at the end of each bullet point.

Here is an example I have already added to the draft document (attached):

> ***2. Easy and Guided Filing***
>
> *Provide intuitive, step-by-step filing workflows that prevent incomplete submissions and reduce user error.*
>
> - ***Require committee ID information for transactions.***
> *Committees should be required to submit the NCSBE or FEC IDs of*

AMERICAN OVERSIGHT

committees with which they have transactions. If the ID number is already in the system, some other fields, such as organization name, will automatically populate. This will help prevent confusion caused by incorrect names or acronyms. (Andy Jackson)

Please email me your completed document by noon on Tuesday, March 10. I will incorporate everyone's suggestions, unedited, into a master document and send it to all subcommittee members (and to OSA staff to make pubic) by 5:00 PM on the 10th. That document will serve as the basis for our discussion at next week's meeting.

Also, remember that the draft document is just that: a *draft*. If there is anything you think should be added, removed, or altered, be ready to discuss that next week.

As noted in the last meeting, Brooks Fuller will take point at next week's meeting. If we have time, we can also discuss our homework assignment (each of us is to look at the campaign finance websites of three other states, share the good and bad of each, and note any lessons we could apply to our work).

I have CCed Dallas Woodhouse and Haley Catherine White of the OSA.

Best,

-Andy

Cc: Haley Catherine White <haleycatherine.white@ncauditor.gov>
Subject: Re: Working document: MEDS Campaign Finance subcommittee

Thanks for this, Brooks! This is terrific!

My remaining suggestions (tiny line edits, not anything substantive):

- Paragraph 1: "elections" (plural) administration is not technically wrong, but people in the field generally use the singular (election administration). Solution: drop the s
- #1: can we delete "with the 2027 filing period?" I know the filing period for 2028 is expected to be in 2027, but as we all know, if it's a day that ends in y, there is an election lawsuit in nc—and always the possibility that filing is delayed. I think if we just make the 2028 piece clear, we don't need to specify when the filing is. Solution: delete: "with the 2027 filing period?"
- #3: I don't know that we need "serious" before "issues."
- $6: maybe add "by" between "not" and "just"
- #10: maybe change "campaigns" to "election administration." My logic here is that campaigns (in terms of strategy) will definitely change, but our focus is on the election administration piece.

Thanks again!

AMERICA OVERSIGHT

Hi everyone,
Hope you all are in for a restful weekend. Attached please find two documents:

1. A clean version of the Statement of Guiding Principles for the Campaign Finance overhaul
2. A redline version of the Statement of Guiding Principles

I accepted the vast majority of edits requested by Chris and Linda, though I took some draftsman's license to try to capture their recommended ideas as succinctly as possible. That changed some wording but no substance. I also cleaned the draft of typos and a few clumsily drafted phrases (all my own) that I located. Again, all form and no substance.

Once folks have a final opportunity to take a look, we can remove the "DRAFT" header and prepare it for release to the public and submission to the commission.

Everyone take care and have a great weekend.

Brooks

If we can get that out to the public, that is fine. I will not debate particular changes to the document here.

Two notes:

- I will be out of the office and unavailable by email on Monday.
- The next meeting scheduling email should include Shanetta Smith at ssmith@hokecounty.org . Allen Thomas asked that she be included to help him with meeting dates and times.

> Hi everyone,
> Thanks for this discussion. We do need to make sure that substantive conversations in our advisory function happen in public view. I think the best way to do that under current law, which I discuss below, is to publish our draft documents (with comments and track changes) proactively rather than only in response to a PRR. We could also hold a very brief recorded meeting where a chair (I'll volunteer) gives a brief report on the edits made between the last public meeting and the March 18 meeting. That is a more cumbersome option, but it would give full visibility. And of course our emails will be available to anyone upon request.
>
> Fortunately, Chris's and Linda's recommendations appear to change only the framing and clarity of the principles in the draft. They do not introduce new principles or policy proposals. That makes me comfortable with the transparency options I mention above.
>
> Please let me know what you all think. The draft will remain open for feedback today.
>
> -Brooks
>
> **Below is a little bit more context on deliberation via email and NC transparency law:**
>
> Open meetings law requires us to only deliberate on matters germane to our function in a public setting. There's a split of opinion in legal circles over whether asynchronous email communication qualifies as a "meeting" of a public body under the open meetings law. However, our court of appeals answered this in a 2024 case, which I've linked here and said that email communication under the facts of that case was not a "meeting." I personally disagree with some of the reasoning in the ruling, but I think one of the paths I propose above could allow for more transparency than what the law appears to require and would be a good compromise.

Andy, thanks for the thoughts. The sub committee needs to finish the document and present to the large committee with the request they accept the sub committees judgement. The public can weigh in at a later time. However they are finishing the RFP for this in the next week or so, and they are waiting on recommendations from next weeks meeting. That's the cards we have in front of us.

Happy Friday,

I believe that if we make substantive changes to the document (as opposed to technical corrections or inserting things we remember we said in the last meeting), we should do so in a manner that the public can access.

We could do that by presenting substantive recommendations as edits in the next meeting (which would probably have to get moved up to Tuesday afternoon to give us enough time to hammer this out) or by asking staff to make this email thread public.

I am comfortable with either one.

On the other hand, if you think I am being hypersensitive about open meetings and public records, please say so.

All,

Great meeting yesterday. My suggestion, based on our discussions, with regards to the current draft relates to the opening paragraph: Overreaching Goal

Suggestion:

The goal of modernizing North Carolina's nearly 35-year-old, paper-dependent campaign finance reporting system, is to allow for easier compliance by candidates and campaigns, more efficient administration by elections staff, as well as built-in search and tracking functions that allow for greater public access and transparency.

Linda

AMERICAN OVERSIGHT

Hi all,

Thanks Brooks, and thanks to everyone for a terrific meeting yesterday.

Quick comments—take em or leave em (I appreciate Brooks' point about limiting wordsmithing, so I'll let our fearless leaders—Andy and Brooks—decide which side of the ledger these comments fall on).

- in the goal, this "easier to run for office, " seems like too much. I don't think any software system can do that (although they can make it easier to comply with the law, easier to file, etc." Possible solution: delete that clause
- under core outcomes: easy to use and simple seem synonyms to me. Possible solution: delete "simple."
- guiding principle 1: maybe add "through the newly adopted system" after "filing" and before "fore."
- guiding principle 2: this one mentions easy, but we already had that under core outcomes. Makes me wonder if we should just delete "core outcomes" entirely. Honestly, I think we can get where we need to go with just the goal and the guiding principles and limit the length a bit.
- guiding principle 4: seems to me that we're not "permitting" electronic signatures (which implies that there are other ways that are also permitted) but we are requiring it. possible solution: change "permit" to "require"
- 8: add "to" before "receipt"
- 10. I don't love the "never again frozen in time" piece—makes it seem like people weren't doing their jobs before. Can we just delete everything from "is" through "but"

Chris

WARNING: This email originated from a non-WCU email account. Do not click links or open attachments unless you are confident the content is safe.

Good afternoon, MEDS Commission Campaign Finance Subcommittee:

Thank you all for participating in the discussion and drafting of our Statement of Guiding Principles. **I am attaching a near-final draft of the document for your review by Friday, March 13 at 5pm**. Please limit comments to major disagreements and any typos you might find. We would like to keep further wordsmithing to a minimum.

AMERICAN OVERSIGHT

I'm also writing to give you a brief update of the outcomes from yesterday's meeting:

1. Statement of Guiding Principles: The subcommittee met to discuss suggested edits to the original working draft and recommendations for specific platform capabilities. Staff from the OSA and NCSBE provided helpful guidance and background. We came away with the attached draft for your review.
2. March 18 meeting agenda:
    1. OSA and NCSBE staff updates
    2. Report from the Campaign Finance subcommittee co-chairs (presenting the guiding principles)
    3. Presentations from elections administrators (Maryland, Mississippi, Delaware) on their states' campaign finance systems and experience with recent upgrades
    4. Statements from professional journalists on challenges with the current system and recommendations
3. Discussion of other state systems:
    1. We did not discuss committee member reviews of systems in other states. I think we should share insights at our next subcommittee meeting

Please let me or Andy know if you have any questions. Thank you again for your service on the commission and take care.

Hello again, fellow MEDS campaign finance subcommittee members.

I have attached the updated draft document with your additions and suggestions. Please confirm that all of your suggestions as substantively the same as what you wrote. I took the liberty of reformatting some suggestions to ensure consistency. I also made some tweaks when Grammarly screamed at me (mostly adding "the" or Oxford commas). If anything I wrote differs from your intent, let us know at the start of the meeting so we can correct it.

AMERICAN OVERSIGHT

Linda, I thought that a couple of things you wrote would fit well in the introduction. Let us know if that is OK at the start of the meeting.

As previously noted, Brooks has point for tomorrow's meeting.

See you tomorrow.

Cc: Dallas Woodhouse <dallas.woodhouse@ncauditor.gov>; haleycatherine.white@ncauditor.gov <haleycatherine.white@ncauditor.gov>
Subject: Working document: MEDS Campaign Finance subcommittee

Hello, fellow MEDS Campaign Finance subcommittee members.

As we discussed yesterday, the plan is to start with the suggested draft document we received and have each of us incorporate our ideas and those from the people we have contacted into it. I have been informed that OSA security protocols would make it difficult for them to set up a Google Doc for us to work on, so we will have to do this the old-fashioned way.

Please put each idea as a bullet point within the draft document. Place it under one of the current principles if you believe it fits well under it. If you don't see a place for it under any of the proposed principles, place it at the end of the document. Please put your name in parentheses at the end of each bullet point.

Here is an example I have already added to the draft document (attached):

AMERICAN OVERSIGHT

2. Easy and Guided Filing

Provide intuitive, step-by-step filing workflows that prevent incomplete submissions and reduce user error.

- ***Require committee ID information for transactions**. Committees should be required to submit the NCSBE or FEC IDs of committees with which they have transactions. If the ID number is already in the system, some other fields, such as organization name, will automatically populate. This will help prevent confusion caused by incorrect names or acronyms. (Andy Jackson)*

Please email me your completed document by noon on Tuesday, March 10. I will incorporate everyone's suggestions, unedited, into a master document and send it to all subcommittee members (and to OSA staff to make pubic) by 5:00 PM on the 10th. That document will serve as the basis for our discussion at next week's meeting.

Also, remember that the draft document is just that: a *draft*. If there is anything you think should be added, removed, or altered, be ready to discuss that next week.

As noted in the last meeting, Brooks Fuller will take point at next week's meeting. If we have time, we can also discuss our homework assignment (each of us is to look at the campaign finance websites of three other states, share the good and bad of each, and note any lessons we could apply to our work).

I have CCed Dallas Woodhouse and Haley Catherine White of the OSA.

Best,

-Andy

>
> We of course want to continue to add early voting sites where we can as appropriate, while managing our resources carefully. We were proud of the fact that on a statewide basis for March, we increased the number of early voting sites and total hours. Worth noting, that although there was some reduction in under utilized

AMERICAN OVERSIGHT

Sunday voting hours, OVERALL we added more weekend hours by adding additional Saturday hours and/or locations.

One legal update:

Many of you continue to express concerns about the availability of staff for early voting. Many of you in counties with some history of Sunday voting have informed us that these days are particularly difficult. We have also listened to your concerns about the high per ballot cast cost of this as well as the burdens on your staff. We hear you.

For March, the NCSBE accepted reductions in Sunday voting hours when overall voting opportunities were increased by extending hours on other days, adding a Saturday or adding new locations.

Thanks for your service. Its important that fill out this survey as soon as possible. Please click here to respond https://forms.gle/Hbab3o7ry7mTuxFB7

2026 November General Election EVP Information

If not here are the questions

Top of Form

Email*

What is your County?

*

Current County BOE Chair (your name) *

Rough timeframe you plan to pass 2026 General Election Early voting plan?*

Date

How many in-person Early voting locations do you anticipate/are planning on for the **2026 November General Election? What changes are you planning when comparing the 2026 General Election to the 2022 General Election, which is the last comparable election?***

If your county only has 1 or 2 early voting sites, could you add additional sites in underserved communities for November 2026 General Election, if you only had to keep them open 2-5 days? If yes where?

*

Comparing your anticipated 2026 General Election early voting plan to the 2022 General election, will you have more early voting locations, the same, or fewer

*

Option 1 The same number of early voting sites in Nov 2026 as 2022

Option 2 More early voting locations in Nov 2026 compared to 2022

Option 3 We will have FEWER early voting sites in Nov 2026 compared to 2022

Other:

Broadly speaking, what else to you envision when it comes to in-person early voting in 2026? How might it change from the past?

*

Are you changing any election day precinct locations? What else would you like us to know about your vision and leadership for the 2026 General Election? *

AMERICAN OVERSIGHT

Broadly speaking: How are things going for you? How is the rest of your board? How is your director? What challenges and accomplishments are you seeing?*

How can we assist you better? What are we failing to do to be as helpful to you as possible?*

Subject: Important request for information.

Dear Chairs: I hope you had a wonderful Easter and are ready for spring. After a successful primary, we now turn attention to the General Election. We are asking you to update us on early voting plans for November.

We realize you may not know every detail yet, but we want to check in with you to see what your thoughts are. This short quiz/survey is similar to what we sent before

Please click here to respond https://forms.gle/Hbab3o7ry7mTuxFB7

We are asking for some information comparing the 2026 General Election Early Voting Plans to the 2022 General Election. If you need to refer to what your county did in 2022, click the link below.

2022 General Election One-Stop Site List

A couple notes going forward. Please give us a heads up before passing your plans. Just so we know what is happening before it occurs and can ask questions if needed.

We of course want to continue to add early voting sites where we can as appropriate, while managing our resources carefully. We were proud of the fact that on a statewide basis for March, we increased the number of early voting sites and total hours. Worth noting, that although there was some reduction in under utilized Sunday voting hours, OVERALL we added more weekend hours by adding additional Saturday hours and/or locations.

AMERICA OVERSIGHT

One legal update:

Many of you continue to express concerns about the availability of staff for early voting. Many of you in counties with some history of Sunday voting have informed us that these days are particularly difficult. We have also listened to your concerns about the high per ballot cast cost of this as well as the burdens on your staff. We hear you.

For March, the NCSBE accepted reductions in Sunday voting hours when overall voting opportunities were increased by extending hours on other days, adding a Saturday or adding new locations.

Thanks for your service. Its important that fill out this survey as soon as possible. Please click here to respond https://forms.gle/Hbab3o7ry7mTuxFB7

Thanks

Subject: Madison County Early voting plan

The Madison County Board of Elections unanimously approved the Early Voting Plan for the November 2026 General Election for our county at their regular meeting yesterday. The approved plan will mirror the early voting plan from the General Election for 2022.

There will be three sites, Beech Glenn, A B Tech, and Hot Springs; regular voting hours required by law (8am-7:30pm: except the last Saturday which will be 8am-3pm); will start on Thursday October 15th and run through Saturday, October 31st. No Saturday or Sunday voting except for October 31st.

We will monitor SB 1084 as it winds it's way through the legislature. If passed in to law, this bill would modify all early voting in North Carolina.

Hello, folks.

Brooks, since you were named, I suppose you are the keeper of the official letter. I have attached some grammar fixes (I don't think the word after the "whereas" should be capitalized). Also, the letter had at least two different fonts (Cambria and Calibri). The attached version is all in Cambria.

I have two questions:

- 2nd WHEREAS: Is there a reason that we are "now confident" rather than just "confident?" The "now" implied that we were not confident before that the SBE could pull off the SEIMS modernization.
- 4th WHEREAS: Is the $60 million listed in the document the total estimated cost of the SEIMS update? If not, what is the total estimated cost? For context, the estimated cost to replace Maryland's election administration system is $35.6 million (see page 23). I realize that is not an apples-to-apples comparison, but I want to make sure we are making a fiscally reasonable request.

Andy,
I accept your first substantive edit. Regarding your second, I had the same question about the $60M price tag. I'd be comfortable with language that refers to a document or recommendation from staff. Or language that takes notice of the fact that the SEIMS replacement will likely costs tens of millions of dollars to implement well and in a way that best serves the people of N.C. But the commission hasn't been presented with specific information yet.

AMERICAN OVERSIGHT

DRAFT

Guiding Principles for a Modern Campaign Finance Reporting System

Overarching Goal

The goal of modernizing North Carolina's campaign finance reporting system is to replace a nearly 35-year-old, paper-dependent process with a secure, cloud-based platform that makes it easier to run for office, easier to file as a candidate or committee, easier to comply with the law, easier to administer for election officials, and easier for the public to search, understand, and track political money.

Any modern system should reduce unnecessary compliance burdens while strengthening transparency, accuracy, and public trust.

Core Outcomes

- Transparency
- Easy to Use
- Fast
- Simple
- Searchable
- Trackable

Guiding Principles

1. Cloud-Based and Portable

Operate as a fully cloud-hosted system that eliminates paper filings, supports secure access from anywhere, and scales to meet future needs.

2. Easy and Guided Filing

Provide intuitive, step-by-step filing workflows that prevent incomplete submissions and reduce user error.

- **Require committee ID information for transactions**. Committees should be required to submit the NCSBE or FEC IDs of committees with which they have transactions. If the ID number is already in the system, some other fields, such as organization name, will automatically populate. This will help prevent confusion caused by incorrect names or acronyms. (Andy Jackson)

3. Automated Compliance and Corrections

Incorporate regulatory requirements specific to each election, committee type, and reporting period, even as limits and thresholds change, while allowing easy, trackable corrections.

AMERICAN OVERSIGHT

4. Electronic Signatures

Permit reports and amendments to be signed electronically to streamline submission and reduce administrative delays.

5. Integration and Data Import

Reduce data entry burdens by supporting standardized imports from approved third-party software providers.

6. Real-Time Public Transparency

Make campaign finance data publicly available without delays caused by paper processing or manual data entry.

7. Powerful Public Search and Analytics

Enable fast, modern search and filtering tools that allow the public to easily find, analyze, and understand political spending across committees and candidates.

8. Automated and Simplified Communications

Use configurable tools to standardize and send reminders, notices, training materials, and correspondence through electronic and physical channels.

9. Administrative Efficiency and Audit Support

Reduce manual review through built-in validation, dashboards, and clear audit trails that support oversight and enforcement.

10. Secure Data Management and Integrated Training

Protect sensitive information, maintain data integrity, and provide a one-stop location for training, guidance, and public information for candidates, committees, and the public.
