Re: Freedom of Information Act Request

Dear FOIA Officer:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of your agency, 28 C.F.R. Part 16, American Oversight makes the following request for records.

On June 19, 2026, the U.S. Marshals Service published a press release announcing the deputization of state and local law enforcement officers for Freedom 250 events meant to celebrate the United States' 250th Independence Day.¹ American Oversight seeks records that may shed light on this matter.

Requested Records

American Oversight requests that the U.S. Marshals Service produce the following records within twenty business days:

1. All formal and informal final orders, instructions, directives, guidance, protocols, and policies created by, issued by, or otherwise provided by the U.S. Marshals Service to deputized state and local law enforcement officers for the 250th Independence Day celebrations, including all Freedom 250 events and programming.
2. Regarding the 250th Independence Day celebrations, including all Freedom 250 events and programming, records sufficient to identify: a) all state and local law enforcement agencies whose personnel (or a portion of them) have been deputized, and b) the names of law enforcement personnel deputized, and c) the titles of law enforcement personnel deputized.

¹ See U.S. Marshals Service, *U.S. Marshals Deputize State, Local Law Enforcement from Across Nation to Secure Capital for Freedom 250 Celebrations*, Jun. 19, 2026, <https://www.usmarshals.gov/news/press-release/us-marshals-deputize-state-local-law-enforcement-across-nation-secure-capital>.

To the extent that the U.S. Marshals Service maintains aggregated information, such as spreadsheets or database records that can be readily exported to spreadsheets, such documents would be responsive to item 2 of this request.

For both parts of this request, American Oversight believes your office is in the best position to identify where responsive records are likely to reside, but believes a reasonable search should include, at a minimum, the Office of the Director and the Office of the Deputy Director.

Additionally, for both parts of this request, please provide all responsive records from June 1, 2026, through the date the search is conducted.

Fee Waiver Request

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency's regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is "in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government."² The public has a significant interest in the federal deputization of state and local law enforcement as well as the U.S. government's operations in connection with Freedom 250, an initiative separate from the congressionally authorized America250 program.³ Records with the potential to shed light on these issues would contribute significantly to public understanding of operations of the federal government, including who is participating in the deputization of law enforcement ahead of the 250th Independence Day. American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public's understanding of the government's activities would be enhanced through American Oversight's analysis and publication of these records.

Accordingly, American Oversight qualifies for a fee waiver.

Guidance Regarding the Search & Processing of Requested Records

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics.
- In conducting your search, please understand the terms “record,” “document,” and “information” in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages, and transcripts, notes, or minutes of any meetings, telephone conversations, or discussions.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.¹² It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official

systems or if officials have, by intent or through negligence, failed to meet their obligations.¹³

- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,¹⁴ and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency's archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

Conclusion

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your agency can decrease the likelihood of costly and time-consuming litigation in the future.
