Re: Freedom of Information Act Request

Dear FOIA Officer:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of your agency, 38 C.F.R. §§ 1.550-1.562, American Oversight makes the following request for records.

On July 17, 2025, President Trump issued Executive Order 14317 entitled, "Creating Schedule G in the Excepted Service" for "noncareer positions of a policy-making or policy-advocating character."[1] The executive order explicitly named the Department of Veterans Affairs (VA) as an agency to execute elements of the order.[2]

American Oversight seeks records that may shed light on "Schedule G" at VA.

Requested Records

American Oversight requests that the Department of Veterans Affairs produce the following records within twenty business days:

> All email communications (including emails, email attachments, complete email chains, calendar invitations, and calendar invitation attachments) between (a) any of the VA officials listed below, and (b) any email address ending in .com, .co, .us, .net, .org, .mail, .edu, .law, .ch, and .me., and (c) containing any of the key terms listed below.
>
> VA Officials:
> a. Douglas Collins, Secretary
> b. Curt Cashour, Chief of Staff
> c. Christopher Syrek, Former Chief of Staff
> d. Anyone serving in the capacity of Chief of Staff
> e. Joshua Quill, Deputy Chief of Staff

f. Jennifer Burch, Deputy Chief of Staff
g. Mark Engelbaum, Assistant Secretary, Human Resources and Administration
h. Anyone serving in the capacity of Assistant Secretary, Human Resources and Administration
i. Tracey Therit, Chief Human Capital Officer
j. Anyone serving in the capacity of Chief Human Capital Officer
k. James Baehr, General Counsel
l. Anyone serving in the capacity of General Counsel
m. Anyone serving in the capacity of Executive Director, Corporate Senior Executive Management Office
n. Shana Love Holmon, Former Executive Director, Corporate Senior Executive Management Office
o. Kelly Cruz, Strategic HR Advisor, Corporate Senior Executive Management Office

Key Terms:
i. "Schedule G"
ii. "Sched G"
iii. EO14317
iv. 14317
v. "Schedule Policy/Career"

Please note that American Oversight does not seek, and that this request specifically excludes, the initial mailing of news clips or other mass-distribution emails. However, subsequent communications responding to or forwarding such emails are responsive to this request. For example, if a specific individual received a mass-distribution news clip email containing the term "Schedule G" from an email address with a listed ending, that initial email would not be responsive to this request. However, if that specific individual forwarded that email to another individual with their own commentary, that subsequent message would be responsive to this request and should be produced.

Please provide all responsive records from July 17, 2025, through the date the search is conducted.

Fee Waiver Request

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency's regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is "in the public interest because it is likely to contribute significantly to

public understanding of operations or activities of the government."[3] The public has a significant interest in the classification of federal employees.[4] Records with the potential to shed light on this question would contribute significantly to public understanding of operations of the federal government, including whether and to what extent the Department of Veterans Affairs in acting on the instructions in the July 17, 2025 executive order titled "Creating Schedule G in the Excepted Service" (EO 14317).[5] American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public's understanding of the government's activities would be enhanced through American Oversight's analysis and publication of these records.

This request "is not primarily in the commercial interest of the requester."[6] In fact, as a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose, and the release of the information requested is not in American Oversight's commercial interest. American Oversight's mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and X (formerly Twitter).[7]

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through regular substantive analyses posted to its website.[8] Examples reflecting this commitment include the posting of records related to the first Trump Administration's contacts with Ukraine and analyses of those contacts;[9] posting records and editorial content about the federal government's response to the COVID-19 pandemic;[10] posting records received as part of American Oversight's

Accordingly, American Oversight qualifies for a fee waiver.

Guidance Regarding the Search & Processing of Requested Records

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics.

- In conducting your search, please understand the terms "record," "document," and "information" in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages, and transcripts, notes, or minutes of any meetings, telephone conversations, or discussions.

- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted.

To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.

- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.[14] It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.[15]

- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,[16] and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency's archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.

- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.

- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this
